VOL. 33. NO. 47 — CONNELLSVILLE, PA., THURSDAY MORNING, MAY 30, 1912. — EIGHT PAGES.

LABOR SHORTAGE CURTAILS OUTPUT.

Anomalous Price Conditions Which Pointedly Illustrate

THE COST OF INDEPENDENCE

In the Connellsville Coke Region, Distinguished Visitors May Mean the Early Extension of the Coke Region into Greene County

The Connellsville coke trade shows a falling off of a little less than 2 [illegible] during the month of May but this decrease has been due primarily [illegible] inadequate labor supply and not to any lessened demand for coke. Production has declined from 401 960 to 394 316 tons and shipments from 11 991 to 11 793 cars weekly. The labor shortage is general. Similar complaints come from the mills and furnaces of the Pittsburg district and the coal and coking operations of Virginia and West Virginia. Wages and working conditions in the Connellsville coke region are far above the average and it is not thought that the scarcity of men will long continue.

All these circumstances conspire to stiffen coke prices and give a firmer tone to the market yet we are confronted with the spectacle of spot furnace and foundry coke selling at a less price than contract furnace coke due to that reckless price cutting which has ever characterized independent operations and which is the price the operators pay for that peculiar freedom which sometimes makes it difficult to meet the pay roll. Considering the limited life of the independent operations and the limited profits made from them in recent years it is no wonder that the merchant operators welcome any suggestions that promise better conditions. They entered generally into the proposed merger of 1909 and it was not their fault that it failed even if the enthusiasm of some of them did wane as the price of coke was [illegible].

The coke region had some distinguished visitors this week in the persons of the President and prominent officials of the United States Steel Corporation and the President and prominent officials of the Pennsylvania Railroad Company. Both visits were unannounced and it is a noteworthy coincidence that both parties seemed particularly interested in the extreme southern end of the Lower Connellsville region. It is strongly suspected in coking circles that both big interests are considering the propriety of being on both sides of the Monongahela river with their operations. The Greene county field must soon be resorted to. In the old region and in the Klondyke or Lower Connellsville field many operations will be dead within five years and ten years will see a general exhaustion of the coal in the old field and a general elimination of the smaller plants in the lower field. Both fields are not making enough coke now to supply the demand and they will make less in the near future. The Greene and Washington fields will necessarily be drawn upon to maintain the supply of Connellsville coke. The management of neither the Steel Corporation nor the Pennsylvania railroad were ever accused of being near sighted.

Production last week fell off 4 640 tons as compared with the week before the total being 394 316 tons as against 398 956 tons. The furnace ovens decreased 1 429 tons their total being 237 864 tons as compared with 239 293 tons, while the merchant ovens lost 3 211 tons their total being 156 452 tons as against 159 663 tons.

The average running time decreased from 5.77 days to 5.73 days. The average of the furnace ovens was 5.71 days as compared with 5.7 days while the merchant ovens averaged 5.[illegible] days as against 5.77 days the preceding week.

Of the 18,790 furnace ovens in operation 110 ran seven days 13 204 ran six days and 5 466 ran five days.

Of the 12 726 merchant ovens in operation 9 478 ran six days 3 220 ran five days and 23 ran four days.

Of the entire 31 516 ovens in operation 110 ran seven days 22 682 ran six days 8 686 ran five days and [illegible] ran four days.

Shipments fell off 149 cars as compared with the previous week the total being 11 793 cars as against 11 942 cars. Westbound shipments increased 219 cars while shipments to Pittsburg decreased 91 cars and to points east 177 cars.

The number of active ovens in the region was increased by the firing of the following ovens: Sapper 6, Shannon 20, Allison 2, and scattering 12, total 83. And decreased by the blowing out of 22 at Donald No. 1 and 50 at Dexter Hill, total 72, making a net increase of 11 ovens.

The following table gives the number of ovens in operation, production and shipments for the corresponding week from 1906 to date:

Year	Ovens in Blast	Output Tons	Ship Cars
1912	[illegible]	[illegible]	[illegible]
1911	24 214	[illegible]	[illegible]
1910	30 4[illegible]	[illegible]	[illegible]
1909	[illegible]	[illegible]	[illegible]
1908	14 77[illegible]	[illegible]	[illegible]
1907	[illegible]	[illegible]	[illegible]
1906	[illegible]	[illegible]	11 710

Pullman Plants Busy

With the large order for freight and passenger cars received from the Harriman lines the Pullman Company now has enough work on its books to keep the plants running around full capacity for several months.

ARE STILL CENTERS

Coke and Steel Business Not Leaving Pennsylvania

It was at one time rumored that the United States Steel Corporation would abandon Pittsburg and for a time it was thought in industrial circles that the principal activities of the corporation would eventually cluster about the Lake front in Indiana and Illinois where ore deliveries would be cheaper and a commercial coke could be manufactured in by-product ovens from low-grade local coals at low cost.

In spite of the Gary and Joliet steel plants with their by-product coke ovens it is becoming apparent that the Steel Corporation never had any intention of abandoning either the Pittsburg district or the Connellsville coke region. The corporation has materially enlarged its mills and increased its coking coal holdings and the announcement is now made that $9,000,000 will be spent in increasing the capacity of the Braddock mills and furnaces.

If this means anything it means that the Steel Corporation finds its Pittsburg mills and Connellsville coke ovens to be quite as profitable a combination as Lake front mills and ore deliveries on the docks.

It is possible however that we are arriving at the period when Connellsville coke will be for the Pittsburg Valley, Cleveland, Wheeling and eastern districts while the by-product plants will supply the Indiana, Illinois, Wisconsin and possibly other Lake front iron producing districts.

In any event however THERE WILL BE PLENTY OF BUSINESS FOR THE CONNELLSVILLE COKE REGION AND AT PROFITABLE PRICES IF THE PRODUCERS HAVE THE WIT TO GET TOGETHER AND STAY THERE.

HARDENING COPPER COMPANY TO DEVELOP NEW ENTERPRISE

Connellsville Men Have Process Which Promises to Supply Useful Metal for Many Purposes

Contemplating either the erection of a new building or the utilization of a plant here, the Hardening Copper Company, incorporated recently, organized and will soon begin operations. The details of the company have long been under preliminary consideration but are now in shape to start active operations. The company is capitalized at one million dollars.

Officers recently elected are Dr. Thomas R. Francis President, J. T. Daily Vice President and J. A. Lyon Secretary. Mr. Daily is from Kingwood, West Virginia. The board of directors is composed of Dr. T. R. Francis, J. T. Daily, J. A. Lyon, A. A. Hamilton and W. S. Sanners.

Many tests of the experimental product were made in various parts of the coke region and indicated that the product is what is claimed for it. The tests were made under the most severe conditions in pumps in mine sulphur and acid water. Tests indicate that the metal will stand from three to four times the wear of any other known copper, brass or bronze metal in use today.

The metal is fine grained and its highest quality carries a tensile strength of 80,000 pounds to the square inch. The metal is non-corrosive and forges like iron or steel.

The metal was invented and patented some time ago and plans for its manufacture have been in the making for some time.

Plans for a site on which the metal will be manufactured are now in the hands of the Board of Directors. A decision in regard to this will be made at an early date.

CUMMINS AMENDMENT DEFEATED IN SENATE

Compromise Steel Tariff Bill Is Rejected by a Vote of 60 to 13

The Senate entered upon the last stage of the consideration of the House bill reducing the duties on iron and steel rejecting—by 13 to 60—the measure presented by Senator Cummins of Iowa as a substitute for the House Democratic bill. Democrats and regular Republicans joined in opposition to the measure and all the affirmative votes except those of Senator Jones, Nelson, Page and Townsend, regular Republicans, were cast by progressives—Borah, Bourne, Bristow, Clapp, Cummins, Gronna, Poindexter and Works.

After the vote Senator Heyburn of Idaho took the floor in opposition to the House bill but the Senate soon adjourned postponing final action for at least another 24 hours.

Mr. Cummins appealed to Democratic Senators to vote for his substitute on the ground that it was more likely than their bill to receive the President's signature while he made the same appeal to the regular Republicans because he said his measure was protective in character while the House bill was not.

TRAFFIC AGREEMENT

Western Maryland and Munson Steamer Line to Connect

BALTIMORE, May 25.—The Western Maryland Railroad Company upon the opening of the Connellsville extension will enter into a traffic agreement with the Munson Steamer line which will establish two sailings a week between Baltimore and Havana.

This is expected to benefit the Pittsburg district and points along the line of the new extension as well as the territory of the Western Maryland proper.

To Improve Terminals

The Gulf and Ship Island will improve its terminals at Gulfport, Miss., at a cost of $750,000.

STOCK INCREASE TO FINANCE BIG PROJECT

American Water Works & Guarantee Company Issue $10,000,000 Stock

FOR CHEAT RIVER PROPOSITION

Proceeds of the Sale Will Be Devoted to Development of Big Hydro-Electric Project in This County. Earnings of the Company Pay Good

The American Water Works & Guarantee Company has increased its capital stock from $10,000,000 to $20,000,000 by the issue of $10,000,000 cumulative stock [illegible] will be used mainly in construction [illegible] hydro-electric power plant on the Cheat river.

The American Water Works & Guarantee Company has been in operation for thirty years [illegible] operates water works in [illegible] cities and towns [illegible] proposition in Southern [illegible] with an ultimate capacity of [illegible] horse power [illegible] Idaho and [illegible] supplies light and power to [illegible] towns and owns bituminous [illegible] mines in Pennsylvania of a daily output of 18,700 tons.

The company has $10,000,000 common and $10,000,000 preferred, the latter now being offered. It has no funded debt and no direct liability except current loans payable less than $100,000 [illegible] the 6% cumulative preferred dividend [illegible] after the common stock shall have received 6% cumulative dividend the preferred stock shall share equally with the common in all extra dividends paid by the company.

It is estimated that the profits of the company for the [illegible] ending April 30 [illegible] will be about $1,000,000 and for [illegible] equal to 10% on both classes of stock before issue of the $10,000,000 preferred stock. The company has paid an average of [illegible] on its common stock [illegible] for the present year [illegible] stock dividend out of surplus account.

S. E. WADSWORTH DIES FROM EFFECTS OF INJURY

Veteran Railroad and Coke Man Hurt Six Years Ago Victim of Blood Poison

Stephen Edward Wadsworth, one of the best known men in the Connellsville coke region, died Monday at his farm along the Morgantown road near Uniontown. Death was caused by gangrene which developed from an injury sustained six years ago and diabetes. Mr. Wadsworth walked to a pump in his stocking feet one day about six years ago. He made a misstep and fractured his toe although not learning that it had been broken until [illegible]. About six weeks ago the old sore became troublesome and gangrene set in. This coupled with diabetes was the cause of his death.

Mr. Wadsworth was born in Ohio in 1843. He served through the Civil War participating in several battles. He rose to the rank of first sergeant and was honorably discharged at the close of the War. He learned the machinist's trade but after the war became a locomotive engineer.

In 1877 Mr. Wadsworth went to Pittsburg [illegible] the Pennsylvania railroad. He was for seven years engineer on the [illegible] to become superintendent for the Brownfield coke plant of [illegible] Schoonmaker. When this plant was purchased by the H. C. Frick Coke Company in 1890 he remained in charge. In 1893 he retired to his farm for [illegible] but a year later became coal and coke inspector for the Frick company, position he held for five years. He became interested in the Fairchance Brick works for two years but 10 years ago retired to his beautiful farm along the Morgantown road. Mr. Wadsworth was twice married.

OFFERS BUILDING TO CITY

New York May Accept Gift From H. C. Frick

Henry C. Frick has offered the old Lenox Library building to the city of New York and has volunteered to pay the expense of wrecking, removing and re-erecting it in Central Park.

Mr. Frick's offer entails an expenditure of probably $150,000 while the building is worth about $600,000 according to his estimate. It is understood to have cost between $800,000 and $900,000 when built in 1877.

The Art Commission favored the offer and its acceptance is probable. The library building would have to be torn down a stone at a time. Mr. Frick will erect a new mansion on the site.

Says Rates Are Too High

W. A. Macdonald, K. C., who has been appointed to present the case against the Canadian Pacific Railway before the Dominion Railway Commission at Ottawa, says that the west on freight rates in Canada are from 10% to 200% too high. Mr. Macdonald states that there has been no reduction of the freight rates east from Vancouver to any point beyond Ross Park in the last 17 years. He attributes the high cost of living in Vancouver to the excessive freight rates.

$3,000,000 ADDITION SOON WILL BE STARTED

Steel Corporation Makes the Money Available for Edgar Thompson Improvements

According to an unconfirmed report $3,000,000 appropriated five months ago by the United States Steel Corporation for additions to the Edgar Thomson Steel Company's plant at Braddock has been turned over and improvements will be started within two weeks. Although nothing official has been given out and Charles Dinkey, superintendent of the Edgar Thomson plant, refused to talk [illegible] the rumor persists and appears to be well founded. [illegible] president of the Carnegie Steel Company.

The expected improvements mean much to the lower Monongahela valley. The improvements call for 12 new [illegible] furnaces and other structures.

This developed in a meeting five months ago in New York when officials of the United States Steel [illegible] were ready for the [illegible]. It specified that a [illegible] property a mile in length and half a mile in width at the [illegible] bought for this and [illegible]. All this property [illegible] small strip owned by the Forsyth [illegible]. The Forsyth estate has not yet been settled but it is said to [illegible] the Edgar Thomson Company [illegible] this property [illegible] is said has been bought [illegible] while other parts have been [illegible] for long terms with privilege [illegible] officials of the Edgar Thomson plant have been [illegible] this property. It embraces [illegible] all the ground in old Hunt [illegible] near East Pittsburg.

At present the Edgar Thomson plant employs 4,000 men. Improvements will largely increase the number. The Edgar Thomson plant is working at its full capacity the first time for the past five years. From 1907 the plant operated not more than four days a week. Since the first of 1912 however the men have worked full time. The improvement will affect the towns of Wilmerding, Turtle Creek, East Pittsburg, Braddock, North Braddock, Rankin, Swissvale, Edgewood and Wilkinsburg.

PRESIDENT M'CREA GOES THROUGH CONNELLSVILLE

Pennsylvania Officials in Special Train Visit the Klondyke Coke Region

President James McCrea and a party of officials passed through Connellsville [illegible] on their way to the south [illegible] the coke region. The special train in which [illegible] them consisted of five cars.

A brief stop was made here to enable [illegible] to return to Pittsburg [illegible] and his party [illegible]. The return [illegible] Pittsburg by way of the Monongahela [illegible] and Brownsville [illegible] offices of the railroad [illegible] the trip was principally to inspect the coke region.

WHERE ARE THEY

Western Maryland Advertises Acres of Coal and Many Ovens

The Western Maryland railroad in a bond prospectus recently issued makes the following statement:

Within a very short time the new [illegible] mile extension should be ready for [illegible] and will make connection with the Pittsburg & Lake Erie railroad [illegible] period under a 99 year [illegible] the agreement between the two companies. This extension has been financed from the sale of stock with [illegible] charges of the company.

The company controls about 13[illegible]000 acres of coal land well equipped with mining plants and coke ovens. The new extension will secure the outlet for the company's coal at Pittsburg and on the Lakes as well as securing a very large volume of traffic collected throughout the Middle West by the New York Central lines and which will be moved to tidewater at Baltimore.

LACKAWANNA STEEL

Large Improvement in Orders and All But One Furnace in Operation

The Lackawanna Steel Company has received its share of the new business that has been coming into the steel companies over the last several months.

[illegible] operating practically full and every furnace is in blast with one exception. The current quarter will show a decided improvement over the first quarter.

Coal and Coke Tonnage

According to reports just issued the coal and coke tonnage of the Pennsylvania railroad for the month of April just [illegible] decreased 507 889 tons compared with that of the corresponding month last year due to a decrease of [illegible] tons in the volume [illegible] hauled. The total tonnage of that class of traffic was 4 [illegible] tons and that for the four month period ended April 30 was 2[illegible] [illegible] tons.

State Power Denied

Power of the Ohio Railroad Commission to regulate the rates on Lake coal shipped from Ohio mines to Cleveland, Conneaut, Port Huron, Mich., [illegible] for distribution to ports outside the state has been denied by the Supreme Court of the United States.

Adopt Pension Plan

HARRISBURG, Pa., May 23.—The Brotherhood of Locomotive Engineers today adopted a pension plan proposed by J. G. Bywater of Salt Lake City.

1912 BIG YEAR IN RAILROAD BUILDING

More Track Will be Laid Than in Any of the Previous Four Years.

LITTLE NEW MILEAGE, HOWEVER

New Railroad Capital Is Centered Principally Upon Second Tracks and Enlarged Terminals—Little New Work East of the Mississippi

It is already pretty definitely settled that 1912 is to be a banner year in railroad construction and improvement work. [illegible] It will probably not be [illegible] much [illegible] of the [illegible] seasons [illegible] years saw the completion of [illegible] lines in the [illegible] and the Western Pacific and the Virginian which had been under construction for many years. And [illegible] new railroad capital is now being centered on second tracks and terminals rather than into wholly new mileage. But the construction of this year will unquestionably add much to the transportation facilities of the country, especially as [illegible] equipment buying [illegible] has recently set in.

Present indications are that the West will see much more activity than the East, and this is particularly true in the Northwest where [illegible] crop failures in recent years and abundant crops [illegible] young farmers to [illegible] us on many railroad projects. The building of new lines is [illegible] James J. Hill has laid out a small line of 500 miles or more [illegible] alternate route across the Continental Divide but only a small part of this will be constructed this year. Without it Great Northern will add some 300 miles of new [illegible] to its [illegible] by [illegible] sides [illegible] the Great Northern [illegible] great activity on [illegible] road in Oregon and Washington.

East of the Mississippi river little new construction work is to be undertaken this year [illegible] branch line extension will be [illegible] Southern roads. [illegible] the Southern will as the trunk lines [illegible] their second running tracks and [illegible] facilities [illegible] terminals [illegible].

WESTERN MARYLAND AND LAKE ERIE INSPECTION

New York Central Officials in Party. The Extension Completed and Ready for Operation

Several New York Central officials and the directors of the Western Maryland railroad left New York Wednesday evening for Pittsburg, where the party will [illegible] Thursday morning [illegible] the Pittsburg & Lake Erie [illegible] the Western Maryland's new extension in connection with the Pittsburg & Lake Erie at Connellsville [illegible] a distance of eighty-seven miles.

New York Central officials who will be included in the party are Charles [illegible] vice president in charge of traffic, W. K. Vanderbilt, Jr., vice president, Harold Vanderbilt, and J. M. Schoonmaker, vice president and general manager of the Pittsburg & Lake Erie. Western Maryland representatives will include President Robertson, chairman of the board, Winslow S. Pierce, [illegible] Foster [illegible] Alvin Krech, H. F. Kirch [illegible].

The new extension is practically completed and ready for operation but will not be formally opened for traffic until July 1. All track has been laid and most of the ballasting of the line with slag or crushed stone has been completed. All tunnels are concrete lined and double tracked with the exception of the Big Savage tunnel which carries only a single track. Grades are light west [illegible] line over the Alleghenies. The Western Maryland has [illegible] contract with the Pittsburg & Lake Erie for interchange of traffic between the middle West and the Atlantic seaboard at Baltimore.

MORE FURNACE CAPACITY

Youngstown Tube Co., Jones & Laughlin and Clinton Furnace to Put Up Stacks

The Youngstown Sheet & Tube Company will erect [illegible] furnace at East Youngstown [illegible] fourth stack. It will [illegible] of 500 tons [illegible] company will add one million tons [illegible] equipment.

Jones & Laughlin [illegible] company expects to [illegible] its Woodlawn plant this [illegible] necessary for its [illegible] mills. The Clinton Furnace Company will also put another stack [illegible] six weeks [illegible].

Coal Shipments

The Huntingdon and Broad Top railroad transported last week [illegible] tons of coal a decrease of 1,603 tons; year to date 574 465, an increase of 112,153 tons.

THE STEEL TRADE

Business Continues Brisk and Mills Are Kept Busy

Special to The Weekly Courier.

NEW YORK, May [illegible].—The American Metal Market and Daily Iron and Steel Report will say tomorrow:

[illegible] tonnage of finished steel products [illegible] mills are [illegible] plates are [illegible] somewhat behind.

The [illegible] less active buying in [illegible] but [illegible] finished steel products [illegible] prices [illegible] for the first quarter and this may apply not only to the [illegible] but to a considerable [illegible] July and August.

[illegible] of \$ [illegible] on new orders. On [illegible] products this is [illegible] but shipments [illegible].

[illegible] heavy purchases [illegible] but there is reason to infer that [illegible] that the [illegible] asking higher prices [illegible] The hope has fully [illegible] business on books now as on January 1st if not more.

EXPRESS SERVICE FOR THE INDIAN CREEK VALLEY

United States Express Company Preparing to Inaugurate Service This Summer

Express service will be inaugurated on the Indian Creek Valley some time this summer, probably in July. The contracts have already been prepared [illegible] the United States Express Company will handle the business. Regular express cars will [illegible] the Indian Creek Valley railroad [illegible] new union station at Indian Creek.

A route agent of the express company will make an inspection of the road next month preparatory to [illegible] for [illegible] Maguire [illegible] Indian Creek [illegible] the Valley railroad will also share the issue [illegible] Baltimore & Ohio [illegible].

The [illegible] of express service [illegible] Indian Creek Valley will be [illegible] The express [illegible] cents per 100 pounds [illegible] Pittsburg will go into effect [illegible] than that to [illegible].

Attorney [illegible] making [illegible] interest [illegible] the coal [illegible] railroad [illegible] which [illegible] excursion rate up the Indian Creek Valley.

[illegible] are being made [illegible] between Connellsville and Pittsburg [illegible] coaches will be called [illegible] service.

COMMERCE COMMISSION HEARS COMPLAINTS OF COKE MEN

Freight Rates on Coke Subject Before Interstate Body at Washington

Freight rates on coke from the Connellsville district shipped to Youngstown [illegible] before the Interstate Commerce Commission Monday in hearing on complaint of the Youngstown Sheet and Tube Company [illegible] against the Pittsburg & Lake Erie Railroad and the Connellsville [illegible] Producers Association [illegible] the Baltimore & Ohio and the Pennsylvania and other railroads.

President James A. Campbell of the Youngstown company [illegible] that his company is not paying [illegible] ought to and that the rate of $1.35 should be reduced [illegible] from Connellsville to Youngstown. J. P. Miller in behalf of the Connellsville Coal Producers declared the rates generally on Connellsville coke to all points are too high. This case will be continued today.

COAL RESOURCES DEPLETED

Railroads Take From a Fourth to a Fifth of Country's Output

H. P. McFarland, chief [illegible] of the Atchison, Topeka and Santa Fe railway, asserts that the fuel resources of the United States are fast being depleted.

The fuel resources of this country are so fast [illegible] depleted says Mr. McFarland. The ultimate result is [illegible] directly being [illegible] when all fuel will be exhausted. The railroads use from one-fourth to one-fifth of the country's [illegible]. The fuel bill of the railroads is $240,000,000 a year.

To Build Branches

The St. Louis and San Francisco lines are planning the construction of branch lines of that road to Eureka and Springfield.

THE COKE MARKET CONTINUES STRONG.

Second Half Furnace Contracts Bring $2.50 or Better.

FARRELL'S VISIT SIGNIFICANT

In Some Quarters It Is Believed Steel Corporation May Be in Market for Merchant Coke—Buying for June Delivery is Active at Fair Figure

Special to The Weekly Courier.

[illegible]

DENIES MORGAN OWNS ROAD

Mellen Resents Story of New Haven Railway's Control

Charles S. Mellen [illegible] New Haven [illegible].

[illegible] management.

SENATOR OLIVER RAPS STEEL BILL

Would Give Trust Monopoly of Business in United States, He Says.

POINTS OUT ITS WEAKNESS

Pennsylvanian Declares Lower Steel Duties Would Reduce Prices to a Point Where Smaller Manufacturers Would be Driven Out of Business.

Declaring that the title of the pending steel tariff bill should be changed to confirm and perpetuate the power and dominance of the United States Steel Corporation in the steel business of the United States Senator George T Oliver on Thursday spoke for nearly two hours in opposition to the Underwood bill which has passed the House and is now under consideration in the Senate He asserted that the proponents of the bill have no kind of understanding of the subject in hand that the bill itself showed how little they understood the task before them that they feared the United States Steel Corporation in the steel industry of the country forgetting that more than half the steel tonnage of the country and more than three fourths of the value of the steel produced in the country is produced by concerns independent of the steel corporation

The effect of the passage of this bill he said would be to give the United States Steel Corporation and those who would ally themselves with it control of the steel markets of the world

I admit said Senator Oliver that so far as the United States Steel Corporation and perhaps one or two of its greater competitors are concerned they have little to fear from this bill If enacted it undoubtedly will take away from them some at least of the markets which they now control but at the same time it will force such a reduction in prices as to drive the smaller competitors out of business and give them monopoly which from the first they have aimed at With their integrated plants and their enormous resources they can drive the individual from the field Having done this they can and will arrange with the foreign syndicates for a division of the worlds markets This is no dream It has happened before and it will happen again The whole steel business abroad is syndicate controlled and the managers of the syndicates will be only too ready to join with the few who will then control the American market for the exploitation of the American people

Senator Oliver said it seemed strange that the steel schedule should be the first of the tariff schedules taken up by this Congress when almost every item in the schedule had been reduced and many of them cut in two by the tariff bill of 1909 and especially when the report of the tariff board on two of the most important schedules in the tariff bill is in He declared he stood firmly on the Republican platform of four years ago in regard to the revision of the tariff and that he is ready to vote for revisions of the tariff schedules as fast as the tariff board makes its reports on them so as to get an intelligent data as to the difference in the cost of production at home and abroad

Taking up a number of the paragraphs of the bill he proceeded to discuss what he termed a few of the more glaring of the many mistakes it contains and which show the utter incompetency of the hands that framed it He ended his speech by a statement that he had made an investigation and found that the importation of 1 000 tons of steel rails into this country would throw out of work 5 200 American workingmen for one day He added Every pound of every substance that we can make which is imported from outside our borders arrives out of employment some certain number of American working men You talk about protection being for the benefit of the manufacturer I grant you but the first and prime beneficiary is the man who works with his hands and who depends upon his labor for a living

SUPERINTENDENT FINCH GIVEN ROUSING SENDOFF

Employes of Colonial No 3 Present Testimonial of Esteem Prior to His Transfer

John Quincy Finch Superintendent at the Colonial No 3 plant of the H C Frick Coke Company a Smock tendered a send off by the employes Monday evening in anticipation of his transfer to the Buckeye and South West No 2 mines of the same company near Mt Pleasant Mr Finch has been in charge of Colonial No 3 for a number of years and his transfer is a merited promotion

The affair like all well regulated affairs of this kind is expected to be was kept from the knowledge of the victim until the psychological moment which in this instance came shortly after dark when the entire population of the plant and some from the outside took possession of the Superintendent house and proceeded to get busy

The first number on the program was the presentation of a solid silver coffee and tea set Elmer L Wolff known as the silver tongued machinist of Smock and the honors while Superintendent Finch who is not silver tongued was at the receiving end and responded as well as the circumstances would permit

The social part of the performance being at an end the way the visitors proceeded to enjoy the refreshments they did until late hour Refreshments in profusion were served and when it came time to go home everybody was sorry and glad Mr Finch goes to his new assignment June 1st

FIGHTING MINE FIRES

Bureau of Mines Prepares Paper Showing Importance of Gas Analysis

Gas Analysis as an Aid in Fighting Mine Fires is the subject of Technical Paper No 13 the latest publication of the Bureau of Mines The authors George A Burrell and Frank M Seibert give their experience in analyzing gases at a number of mine fires In the introduction of the technical Paper they say

The Bureau of Mines is conducting an exhaustive investigations intrusted to it an investigation of the factors involved in the origin and spread of mine fires and of the means by which such fires may be prevented limited or extinguished The authors in connection with their work on mine gases have made analyses and recorded observations on the condition of the atmosphere in mines Some conclusions from their work are presented in this paper in the hope that they will be of service to those who may have to fight fires for although analyses of mine gases from such fires have been made in the past the systematic analysis of samples of the atmosphere of a burning mine or section of a mine has not received the attention its fullness warrants

In the early stages of mine fire effort is directed toward fighting it by using water from buckets hose or portable extinguishers or sealing off the hot coal frequently this effort is not successful and the mine or a section of it is sealed in order to smother the fire Sometimes such sealing is done that the entire mine has to be flooded This expedient though effective requires the use of an enormous quantity of water not always easily obtained and its subsequent expenditure of much money and time in drawing the mine and putting it in working order

When an entire mine or a section of it has been sealed to exclude air the sampling of the atmosphere within the sealed area becomes desirable in order to determine the effectiveness of the stoppings or dams in excluding air If the stoppings are tight the fact is shown by a depletion of oxygen in the atmosphere behind them A period of anxiety always follows sealing and any aid that tends to allay fears as to whether the fire is spreading or enables the mine officials to act promptly in case conditions go worse is worthy of consideration

Another reason for the systematic collection and analysis of samples of air from the sealed areas is to obtain information regarding the advisability of removing stoppings Disastrous consequences have sometimes followed the premature reopening of sealed areas moreover fires have burned vigorously after external air was thought to be entirely excluded Hence stoppings are sometimes left in place for many months and when they are eventually removed much uncertainty is sometimes felt as to the result

The burning of coal and wood in a mine fire differs in some respects from the ordinary combustion of coal or wood in a boiler furnace yet just as periodic analyses of the escaping gases will indicate combustion conditions in a furnace so periodic analyses of the atmosphere within a burning mine or section of a mine will indicate combustion conditions there although these indications are less clearly understood and will be until some features of mine fires have been studied more fully

H. C. FRICK WILL BUILD MANSION IN NEW YORK

House of White Marble Encasing Steel Frame Planned for Famous Millionaires Row

Henry Clay Frick will build a house in the old Lenox millionaires row of Fifth avenue facing Central Park New York His site is the old Lenox Library block between Seventies and Seventy first streets which he contracted to buy in 1906 at the report price of $ 00 000 from the library trustees when it was decided to house the combined Tilden Astor and Lenox libraries in the building since erected in Fifth avenue Forty second street

Carrere & Hastings have been returned by Frick to plan the improvement of the block from which must be 00 feet on Fifth avenue and 10 feet on each cross street A member of the firm said that the plans have not progressed beyond preliminary studies of the grounds and its surroundings but that they probably would be finished within a month or two The old Lenox building will be torn down within a fortnight

Frick's present plan is to have a house entirely of white marble encasing a steel frame of fireproof construction It will include a gallery for the Frick collection of paintings

MAY START TRAFFIC ON W. M. JUNE 16

New Schedule Goes Into Effect Upon all Divisions on That Date.

BIG INSPECTION MEMORIAL DAY

Directors of the New Line Will Travel From Pittsburg to Cumberland in Special Train—Expected Regular Traffic Will Be Started Quickly.

The time is fast approaching when regular passenger servic will be gi en by the Western Maryland over the new line between this point and Cumberland The fact that a new schedule goes into effect on Jun 16 indicates that the road will be ready for opera tion on that date The change in schedule has been made to conform with the alterations of time made necessary by the new division being placed in commission

On Memorial Day the new line between Connellsville and Cumberland will be inspected by a party of Western Mar land officials The Board of Directors will make its first official inspe tion on this date

According to an announcement from Baltimore the party will go to Pittsburg and make a start from there A special train will lea e Pittsburg early Thursday morning in orde that the officials may inspect the Pittsburg & Lake Erie s line between that city and Connellsville From here the train will make the run to Cumberland It is also proposed to inspect the West Virginia division of the Western Maryland as far as Elkins

OPTIMISM AMONG STEEL MEN REPRESENTING ALL DISTRICTS

Members of American Iron & Steel Institute Speak Encouragingly of the Future Steel Business.

The meetings of the American Iron & Steel Institute held in New York were attended by steel men from all over the country totalling about 25 representing steel manufacturing concerns in practically every state wher there is such an industry The consensus of opinion among the men was that the current year would show greater production than any year the country has ever had They said that the larger percentage of plants in this country was operating close to entire capacity, and turning out more steel than ever before due to the increased capacity over the last few years Prices they say while low were higher by $2 to $3 than a year ago and that this increase would be upheld for the rest of the year, and perhaps the next several years

A steel man from Columbus O said

I feel that the rest of this year will be fine in the steel business and that next year will be a whopper We are selling more steel than ever before and are getting better prices than for a year, but I predict that next year will eclipse 1912 in his industry The pessimis ic sen iment is al in New York so far as I can se

A Pittsburg man who attended the Institute meetings said

I am busy getting orders and they are easier to obtain than for a long time. We are filled up with bookings and are getting behind with shipments. Prices are far better now than I thought they would be around the first of the year I hardly think the Presidential election will have any real effect on steel business and even if it should have any tendency in that direction we are so filled up with orders that we shall continue to ship without additional orders until the first of September at le st

WORLD'S STEEL PRODUCTION

Figures for 30 Years Show United States Progress Greatest

Steel production in the United States has made more headway in the last 30 years than that of any other country not excepting Germany In 1910 the United States produced 5 817 231 tons of ingots compared with 1 1?5 119 tons in 1880 Germany in 1880 produced 760 000 tons compared with 13 315 137 tons in 1910 From that it is evident that the United States outstripped by far its greatest competitor

The United Kingdom appears to have been sliding backward in steel production since 1880 Thirty years ago it produced 1 29 38 tons of steel ingots or more than either the United States or Germany In 1910 its production amounted to only 6 310 684 ton The United States in fact in 1910 produced approximately 46 per cent of the world's total output of ingots amounting to 57 033 953 tons Germany has made very rapid progress over the last ten years in steel production but its percentage gain has not been so pronounced as that of the United States

The following table gives the output of steel ingots in tons by the different steel producing countries of the world in 1900 and 1910

	1910	1900
United States	[illegible] 9 7 [illegible] 1	10 08[illegible] 0
Germany	1 [illegible] 7	[illegible] 10 [illegible] 1
United Kingdom	[illegible] 010 84	4 [illegible]
France	3 [illegible] 7	[illegible] 5 [illegible]
Russia	2 [illegible] 0	1 5 0 000
Austria	[illegible]	1 14 60[illegible]
Belgium	1 50 [illegible]	[illegible] 4 5[illegible]
Miscellaneous	[illegible] 481	[illegible] 8[illegible]
Total	[illegible]	[illegible] 1 41[illegible]

The United States Steel Corporation in 1910 produced 14 1?9 369 tons of steel ingots or approximately 3 000 000 tons more than Germany United Kingdom and France combined

Notice of Embargoes

The Canadian Railway Commission contemplates issuing an order forbidding the railroads to place an embargo on any traffic for a period longer than four days without first giving the commission 10 days notice

If you have coal land for sale advertise it in this paper

PITTSBURG COAL COMPANY WILL RETIRE PREFERRED

Plans to Pay 37% or $10,000 000 Accrued Dividends and to Retire Stock by Bond Issue

Interests in close touch with the Pittsburg Coal Company say that that company will in the near future pay off the accrued dividends on the preferred stock and retire the whole of the preferred issue at 120

Outstanding preferred is $27 071 800 on which there are due about 37% or $10 000 000 accumulated dividends

It is figured that the preferred stockholders who are now getting a 7 and nothing on their 7% accrued dividends would be willing to take 137 in 5% bonds to cover the principal and 37% deferred dividends on their shares Such bonds it is figured should be worth 90 and therefore would work out a value of 120 for Pittsburg Coal preferred now selling at about 92

This would involve an increase in the bonded indebtedness of the company of about $12 500 000 and calculating on a 5% basis would increase the annual fixed charges by $21 250 000 but would take the place of present 5% dividends of $1 3?3 590 and cancel an equal amount of 7% preferred shares and deferred dividends

The bonded debt of the Pittsburg Coal Company as of December 31 1911 consisted of $10 084 000 5% first mortgage bonds and $5 926 ?20 5% debenture bonds a total of $16 000 000 The interest on these is $500 000 a year which together with the interest on the proposed bond issue would bring up the annual fixed charges to $2 925 000

For the year 1911 the gross earnings of the Pittsburg Coal Company were $4 041 504 and deductions for depletion and depreciation totaled $1 563 775 leaving only $2 480 729 available for interest payments and dividends In view of this fact it might at first sight be supposed that the proposed financing is impolitic but it is to be remembered that the financial position of the company in 1911 was not what it is now From several points of view the position has improved The Interstate Commerce Commission s recent decision in the Pittsburg Lake district rate case reducing the freight charges on coal, benefited the Pittsburg Coal Company ten cents a ton which calculated on last year's output of 16 000 000 tons is equal to $1 600 000 a year This benefit, however was cut in half by the increase of five cents a ton in wages paid to the miners

The acquisition of practically the entire stock of the Monongahela Coal & Coke Company has been another advantage to the holding company for it has now the full benefit of the $7 639 500 bonds paid by the H C Frick Coke Company to the Monongahela Company for coal lands

Another point is that the earnings of the Pittsburg Coal Company have shown substantial improvement for some months past The company does not issue quarterly statements but it is known on reliable authority that the earnings in the first quarter of this year were about $615 000 better than in the corresponding period last year In the first three months last year the operations resulted in a deficit of $11 000 whereas this year there was a net surplus of $ 00 000

Moreover it is thought probable that a further reduction in freight rates will be granted by the Interstate Commerce Commission Pittsburg operators have asked the commission to reopen the question primarily on the ground that the roads to West Virginia, instead of increasing their rates as allowed by the decision had filed tariffs of lower rates to compete with the roads serving the Pittsburg district A further reduction from 55 to 50 cents a ton is now asked for

CONSPIRACY INTENDED GOVERNMENT MEN SAY

Rich California Oil Lands May Be Taken From the S P Railroad

In a public statement Attorney General Wickersham declares that the Government s suit against the Southern Pacific company s for the recovery of valuable oil lands in Southern California has developed sensational and startling disclosures Testimony by witnesses subpoenaed by the Government he says presents a remarkable picture of criminal conspiracy among high officials of the Southern Pacific Company to acquire from the United States under an agricultural grant oil lands valued at $15 000 000

The statement was issued after a conference between the attorney general and Willis N Mills special assistant in charge of the case concerning recent developments in the suit The proceedings were instituted by direction of Mr Wickersham in December 1910 to set aside patents and to vest in the Government title to 5000 acres of valuable oil bearing lands in the Elk Hills country of the McKittrick oil district Kern county California The lands are within the indemnity limits of the grant of July 27 1866 to the Southern Pacific Railroad Company in aid of the construction of the road The original granting act the attorney general s statement says excluded all mineral lands the intention of Congress being to grant only agricultural lands reserving the mineral lands to the United States for all time

The Government lawyers are confident the statement avers that the disclosures made by the testimony of Charles Eberlein will result in the restoration to the public domain of a vast tract of the most valuable oil lands in the State of California

As acting land agent of the Southern Pacific Railroad Company the statement alleges that Mr Eberlein saved from the conflagration following the San Francisco earthquake all the secret correspondence and documents relating to the conspiracy to defraud the Government out of these lands

Operating Good Percentage

The Pennsylvania Steel company s plant at Steelton is running at about 85 per cent capacity the plant at Sparrows Point Md at about 80 per cent capacity

SAFETY FIRST FOR THE GAS COMPANY

Consumers Will be Urged to Use Proper Precautions Against Mishaps.

DEATH KNELL OF RUBBER HOSE

Will Be Sounded if Officials Can Prevail Upon Users of Gas to Abandon This Menace to Both Life and Property—Rules Are Made Public

In pursuance of the company s wish for proper precautions to be [illegible] by consumers inspectors of the Fayette County Gas Company will begin early this week a thorough canvass of its consumers urging them to take care to prevent accidents There is no law whereby the gas company can install safety appliances and all the company can do is to urge the consumers to take action

According to meter readers and inspectors much rubber hose is used in Connellsville similar to that in the home of John Nanrini which was burned in the gas explosion Friday morning at his home on [illegible] St Such hose are considered dangerous in the extreme and at all times an effort has been made to have the consumers use the straight pipe The canvass to be started next week is to be general throughout the company s territory and is thought will be beneficial

As the matter stands now all that the gas company can do is regulate the plumbers and gas fitters who install the pipes and fixtures According to a State law no plumber is allowed to connect a range or the like with a rubber hose The regular monthly meeting [illegible] employes held last night served to awaken a determination to limit the rubber hose evil and other equally dangerous [illegible]

The list of rules and regulations is printed on page [illegible] The company [illegible] were adopted last week treating the Nanrini case as No 1 rules in [illegible] of which are entirely new These have been given the employes and will be distributed to the consumers next week The direct ruling [illegible] is No 1 which [illegible] fitters must [illegible] any provision for rubber hose connections They will not allow [illegible] under any circumstances These rules and regulations cover every possible accident and give methods of prevention in all cases

The gas company will next week distribute in the rural districts tapped by the line [illegible] calculator [illegible] the [illegible] the numbers of [illegible] company to be called in time of accident or leaking or any other trouble

SENATOR OLIVER SHOWS HOW U S STEEL HAS ADVANTAGE

Transportation Facilities Give It Profits Independents Cannot [illegible]

Senator Oliver of Pennsylvania [illegible] the Senate Saturday statistics gathered by [illegible] which show that the United States Steel Corporation has an advantage over the independent producers [illegible] In his speech in the Senate Thursday in [illegible] the steel bill [illegible] schedule Senator Oliver asserted that [illegible] the bill becoming law would be [illegible] the independents which would be [illegible] while the Steel Corporation [illegible] proposed [illegible] could meet the competition [illegible] to follow revision

The statistics [illegible] this paper show that [illegible] the ratio of profit per ton of steel sold was close to $8 per [illegible] the [illegible] of the Corporation [illegible] ratio of profit [illegible] from 11 cents to $3 [illegible] the advantage of the Steel Corporation lies in its [illegible] railroads steamships [illegible] the Corporation [illegible] net profit after all [illegible] dividends of $ [illegible] shipped to consumers [illegible] tons of finished [illegible] the profit per ton was $8 [illegible] with $8 15 in 1910 The [illegible] independent companies was [illegible] The [illegible] Steel Company reported a net profit [illegible] for dividends of only $8 [illegible] equivalent to 11 cents per ton Bethlehem s net profit in 1911 was $2 035 979 the margin [illegible] 600 000 tons being $3 10 [illegible] Steel showed net profits of [illegible] profit of $3 50 [illegible] of [illegible] 0 000 ons while [illegible] Steel made a less favorable showing its net profits available for dividends being $827 718 its finished product being [illegible] neighborhood of 600 000 tons or a net profit of about $1 38 [illegible] on

[illegible] includes [illegible] United States Steel in the first quarter of this year [illegible] of the very few companies that reported sufficient surplus [illegible] preferred dividend requirements This is the best illustration of the advantage the Corporation has over competitors in the matter of earnings This advantage is due to its vast transportation system the great diversification of its products and concentration of operations Without its transportation lines the Corporation would have no such [illegible] competitor

HERD HEIRS ENTER SUIT AGAINST W. M RAILROAD

Seek to Recover Damages For Right of Way Across Property Just South of Connellsville

UNIONTOWN May [illegible] Suit was entered [illegible] by the heirs [illegible] Herd [illegible] Herd [illegible] sixth interest in [illegible] purchase against the Connellsville State Line Railroad Company [illegible] trespass

No statement of claim has been filed It is understood however that the plaintiffs base their action on the fact that the defendant company in crossing Dunbar creek [illegible] built a high wall the culvert [illegible] away the water which will overflow and damage the land

SUPREME COURT REMOVES LAST CHECK TO NEW LINE

West Penn Can Now Proceed to Build Its New Extension Into Uniontown

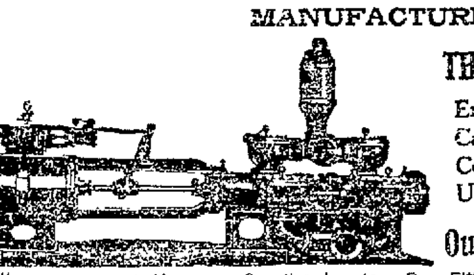

The decision of the State Supreme Court Wednesday [illegible] Judge Umbel in the suit of John Keys against the West Penn Railways Company [illegible] which blocks the construction [illegible] line into Uniontown [illegible]

The Supreme Court [illegible] that trolley companies have [illegible] eminent domain [illegible] 1907 It is stated that the West Penn will immediately start work on the extension [illegible] future the system [illegible] between Connellsville and Uniontown similar to those between Scottdale and Greensburg

THURSDAY MORNING, MAY 30, 1912

The Republican National Committee

Colonel Roosevelt with the able assistance of Field Marshal Flinn proposes to upset the Republican National Committee by having Roosevelt members elected by the newly chosen State delegations to seats now occupied by members favorable to the nomination of Taft or who are not known to be for Roosevelt.

The argument is made that the National Committeemen hold over until after the National Convention is a matter of custom rather than as a matter of right and that a committeeman is entitled to his seat the moment he is chosen. The same might be said of a member of Congress but the law fixes a different date. There is no written rule specifying the time a member of the Republican National Committee assumes authority but there is an unwritten rule and the law of custom is just as binding as any other. This unwritten rule has prevailed in the Republican party ever since its birth. The Democratic party has been governed by the same rule from time immemorial. A few days ago one A. Mitchell Palmer elected Democratic National Committeeman to succeed Colonel James Madison Guffey wrote to Chairman Mack preferring a request for tickets to the Baltimore Convention. Chairman Mack replied that Palmer would have to see Colonel Guffey who would have control of all tickets meaning that the Colonel's authority as a member of the Democratic National Committee did not expire until the Democratic National Convention was duly constituted.

The reason for this rule is obvious. The old committee is always composed of men familiar with the rules and customs of the party chosen to their positions before the din of factional battle sounded and consequently better fitted from every point of view to pass upon the qualifications of contesting delegations than members confessedly partisan seeking advantage even at the expense of justice.

The Roosevelt faction justify their proposed contest on the ground that they fear the National Committee as at present composed will decide all the contests in favor of Taft but they make it plain that they want a Roosevelt committee that WILL DECIDE ALL SUCH CONTESTS IN FAVOR OF THE ROOSEVELT CONTESTANTS.

It is not fair to assume that the Republican National Committee will decide all the contests in favor of Taft though some of them will undoubtedly be determined that way especially those where the Roosevelt delegates have been chosen by rump State conventions. The delegates counted for Taft are not all irrevocably so. There is a sane element which esteems the party welfare above any private ambition. There is reason to think that this element also provides to some extent the Roosevelt ranks. IT IS THE HOPE OF THE PARTY.

The Republican National Committee should not be a Taft committee or a Roosevelt committee, but A REPUBLICAN COMMITTEE.

The Result in Ohio

The strenuous primary campaign in Ohio has been tough to a finish and present reports are that Colonel Roosevelt has captured a majority of the Republican votes and delegates. For some reason both Roosevelt and Taft like the prophets of old are not without honor save in their own country and in this connection it may be said that they have less honor everywhere than they had a few short weeks ago before they cast dignity to the winds and began to pour forth upon each others heads torrents of epithet and indiscriminate charges of unfaithfulness to public duty.

Prior to the Ohio primary it was generally agreed in political circles that a decisive victory for one or the other Republican candidate would practically determine the result at Chicago. However that may be there is a general and growing belief in the minds of Republicans who are more interested in the good of the party and the welfare of the country than they are in any individual ambitions that both Taft and Roosevelt have become largely through their own efforts Undesirable Candidates. The Pittsburg Gazette Times voices this sentiment as follows:

To begin with the ultimate result in Ohio is not written in the returns. We shall never be able to measure it by the election figures or estimate it by the complexion of the delegation chosen to Chicago. It means more than that and goes deeper. We have witnessed an astounding exhibition of broken friendship between two men, aforetime the closest of intimates, and what is still worse have looked upon a personal controversy between two presidents of the United States—the two who secured a larger popular vote in their favor than any others in the history of this country. Whatever the individual citizen's opinion of the two antagonists may be, however highly they may have been regarded by the rank and file of Republicans, only men of other political faith [illegible] future judgment [illegible] coming events will be more or less influenced by what Roosevelt [illegible] but Taft what Taft has said about Roosevelt, and by what both have said about the executive acts of the President of the United States.

It is not for The Gazette Times to assume jurisdiction or to presume to pass judgment upon the merits of this spectacle but as a Republican it [illegible] interested more in the supremacy of Republican principles than it is concerned for the fortunes of individuals. It cannot help regarding this display of factional feeling within the party. Nor is this all. The party does not suffer alone from a conflict of this unusual nature. The direct effect of the practices and methods that have been resorted to in Ohio is to weaken the common faith in the integrity of our public officials and the stability of our public institutions. If it is not possible for us to trust implicitly such men as Taft and Roosevelt in every ordinary government [illegible] without fear of betrayal or suspicion of double dealing, whither shall we turn? If the office of President of the United States [illegible] and thus that has been [illegible] by these experiences [illegible] cities in Ohio facing [illegible] we go where shall we look for escape [illegible] which there is little [illegible] shadow [illegible].

[illegible] returns [illegible] citizens [illegible] bring [illegible] breed a lack of that confidence which is the basis of national content and progress. The tell [illegible] good [illegible] times works its way out through [illegible] that on occasion the [illegible] the means. It may be so. As to the Ohio encounter [illegible] is that there are many Republicans [illegible] nothing just [illegible] so satisfactory that its realization will extinguish all [illegible] of the present [illegible] as if it were a nightmare of the past.

Only a few days ago Colonel Roosevelt indicated in thinly veiled phrase that he would bolt the Chicago convention if he was not given the nomination, in other words that he would ruin the Republican party if he could not rule it. This and the Third Term objection are sources of serious weakness. President Taft has made no threats but he has said enough about Colonel Roosevelt to make it difficult if not impossible for him to support Roosevelt if the latter is the nominee and it will be just as difficult for Roosevelt to support Taft in the event of the latter's nomination. Their individual votes will effect no political changes but their example will prejudice and prevent thousands of otherwise loyal party voters. The Republican party must be united to win. Disunion portends defeat, and defeat involves the prosperity of the whole country. Democrats may laugh and say this is a mere political threat, but it is not a threat, it is a prophecy and it is based not upon fantastic visions, but upon bitter experiences.

In view of all the circumstances we only voice the dispassionate judgment of farseeing politicians when we say that every consideration of wisdom demands the selection at Chicago of a Dark Horse of the darkest possible hue.

A Tariff For Labor

It is a common charge that the Tariff protects nobody but the manufacturer and this has always been the Democratic position though from time to time as special local interests intervened this doctrine has been sectionally modified to meet the exception, notably in Louisiana where the Democrats insist upon a duty on sugar to protect the state's chief industry from the cheaper labor of foreign countries.

Senator Oliver who has been an able champion of the protective Tariff during the present session, in a lengthy speech in the Senate yesterday sounded this note of warning to the country and its workingmen:

Every pound of every substance that we can make and which is imported from outside of our borders drives out of employment some certain number of American workingmen. You talk about Protection being to the benefit of the manufacturer. I grant it, but THE FIRST AND PRIME BENEFICIARY IS THE MAN WHO WORKS WITH HIS HANDS AND WHO DEPENDS UPON HIS LABOR FOR HIS LIVING.

The Tariff and the railroads have come in for a vast deal of persecution at the hands of politicians. Both have had their abuses and have in some measure at least brought down upon themselves a part of their trouble but without them this country would have made mighty poor progress. There would have been meagre development of our natural resources, small increase in our population and wealth, little uplift of the common people. The comforts and conveniences which we now enjoy as [illegible] necessities would have remained luxuries [illegible].

The railroads de[illegible] and the Tariff [illegible] stirring [illegible] the Wood [illegible] forward.

Braddock and Crawford

[illegible] Edward Braddock [illegible] of Washington and the [illegible].

Among those present was [illegible] rose to be a command[illegible] in the Army [illegible] militia [illegible] tion in battles with [illegible] the cost and the [illegible] He [illegible] the same prominence in civil as well as military life. In the [illegible] corruption of the election [illegible] known. Men were chosen for their worth. This pioneer was [illegible] to many positions of trust and honor. We may assume therefore that he was held in high esteem by his fellow countrymen and that he was worthy of their confidence.

Colonel William Crawford [illegible] was in Connellsville [illegible] Fayette county, Pennsylvania. His memory is still [illegible] at the end of the [illegible] any foreign military commander could possibly be and the assistance [illegible] support of the citizens of Connellsville and Fayette county in providing a substantial expression of that honor is now in order, that there may be no invidious distinction between the Red and the Blue.

Competition and Mergers

The more the Steel politicians pinch the more they find [illegible] the mergers which were formed during the past decade were not always made [illegible] the ultimate purpose of [illegible] the consumer but sometimes to save the producers from absolute ruin.

Competition may be the life of trade in some instances but it [illegible] the death of the [illegible]. The Connellsville coke operators can tell the statesmen how it has worked in this region. John Stephens [illegible] yesterday how it worked in the steel business in 1893 and it worked just the same way in the tin plate business in 1896.

Judge Gary's dinners may have fixed steel prices in 1911 but during the 90's competition was too fierce to be restrained by delicious much less dinners.

Gumshoe Bill's Chuckle

It has been frequently said in the earlier stages of the Presidential primary campaign that Colonel Roosevelt was chopping out chunks of trouble for the Republican party and subsequently that President Taft was working no less vigorously in the same misguided manner. Discerning newspapers and politicians pointed out that they were cutting the very vitals out of the party and sapping its strength, that they were piling up campaign material for the Democrats and that the latter might be expected to use it to the best possible advantage.

The Democrats have evidently concluded that they have such a liberal supply of this free of duty material that they may begin even now to use it freely. Hence there was no surprise when the Honorable Gumshoe Bill Stone of Missouri rose in the United States Senate and poked the sword of ridicule into the political vitals of the coster candidates and gave it several vicious twists after the [illegible].

Abe Martin

Ther' [illegible] too many people lookin' fer somethin' [illegible] Eph Durn [illegible] [illegible] Luke Plum [illegible] Lem Spry [illegible] how [illegible] [illegible] business.

[illegible]

[illegible]

The Hon. Gumshoe Bill [illegible]

[illegible]

Fossils will throw stones at each other but [illegible] [illegible].

The ownership of the Greenwood sewer system is in dispute but there is no dispute as to who ought to own it. There should be no private sewers. All sewers should be public and the public should be compelled to make proper use of them.

Assault and battery suits against public school teachers who are compelled to punish pupils in preserving discipline should be discouraged by justices of the Peace and District Attorneys and in the event of their failure by court and juries. The presumption is largely with the teacher and there it should remain unless it is shown that cruel and unusual punishment was inflicted.

The new West Penn line into Uniontown is now free from the entanglements of the law and will be rushed to completion before somebody gets out another injunction. Government by-injunction be it remembered applies to capital as well as to labor.

The Pennsylvania Flyer has been wrecked again this time out in Ohio. The demon lost its life but it was a lucky wreck for the passengers none of whom were seriously injured. The cause of the derailment should be looked into searchingly. There is a suspicion in the public mind that the recent big [illegible] orders of the railroads came none too soon.

A woman has invented an 18 inch collapsible umbrella. It's still too long [illegible] in the stocking.

Herd's Bottom is in court again. It's no wonder Colonel Washington Herd is a convert to Socialism. His ancestral estates are never free from the encroachments of railroad monopoly. Special Privilege roots eventually at his ancient and restful acres. It is true that S. P. pays the price with recurring frequency that must be highly gratifying but the fact does not debar the Colonel from denouncing the goose that lays the golden eggs.

The Presidential Preference and the Uniform Primary Law.

The Presidential Primary like many other Progressive [illegible] makes better progress backward than forward. It has broken [illegible] both in every direction [illegible] both William Howard Taft and Theodore Roosevelt [illegible] brethren and it has [illegible] succeeded in rending the Republican party in twain.

The Presidential Primary was invented by theoretical minds who saw in it the opportunity of the Common People to express their [illegible] views regarding Presidential [illegible] [illegible] of Political Bosses. Wonderful things were promised when the people were freed [illegible] wisest principles [illegible] everybody would [illegible] the primary and [illegible] the multitude of [illegible] known to American politics.

[illegible] President Taft and Colonel Roosevelt [illegible] Republican [illegible] primary [illegible] the Presidential election. [illegible] Roosevelt [illegible] more enthusiasm [illegible] [illegible] tumult [illegible].

The Presidential Preference [illegible] machine [illegible] the voter [illegible] [illegible] known [illegible] Wisconsin [illegible].

[illegible]

[illegible] have been juggled is abhorrent to the [illegible] principles of our [illegible] the inalienable right of every political party to choose its own candidates without dictation or interference from other parties.

It would seem that so far as primary election reform is concerned we have [illegible] making progress with the crab.

In passing upon the complaint of [illegible] that he was defrauded out of the Republican nomination for Congress in his district by his opponent [illegible] Speer who [illegible] Judge [illegible] of Venango county [illegible] the Uniform Primary law is that [illegible] his [illegible] The only protection [illegible] [illegible] further.

This is one of the weak points in the Uniform Primary law. There should [illegible] the election of [illegible] [illegible] the voter [illegible] shall [illegible] punished [illegible] punished by representatives [illegible] the party [illegible] but [illegible] of the primaries [illegible] of the parties [illegible] punishment for offenses against the laws. The voters of one party should not be permitted to influence the nomination of another.

[illegible] voters [illegible] primaries for the [illegible] party preferences [illegible] permits one party [illegible] taking votes to [illegible] the candidates of another [illegible] possible through the single [illegible] many [illegible] multiplying candidates [illegible] corruption [illegible] [illegible] districts of [illegible] [illegible] In these [illegible] [illegible] the choice of a minority [illegible] that [illegible] unsatisfactory [illegible] influence. The party [illegible] [illegible] the [illegible] supplant [illegible] the Uniform Primary.

Political parties might with propriety, perhaps with profit, be trusted to conduct their own primaries [illegible] subject to the [illegible] including the [illegible] punishing persons [illegible] parties [illegible] under the [illegible] against the [illegible] punishment [illegible].

The Narrows bill is no [illegible] [illegible] the [illegible] formalities requiring more than passing [illegible]. It is a question whether [illegible] require the township authorities to [illegible] the road at this point by [illegible] the [illegible] of the [illegible] to do so.

[illegible] Brownsville people [illegible] getting [illegible] Connellsville the [illegible] bridge movement [illegible] through the breaking [illegible] from [illegible] Brownsville [illegible] with Connellsville's experience.

There seems [illegible] of those [illegible] citizens who would [illegible] [illegible].

[illegible] Connellsville will observe [illegible] [illegible] should be set apart for [illegible].

[illegible] in order but the West Virginia [illegible] [illegible].

The late [illegible] Bull [illegible] the honor of being the [illegible] to the Connellsville coke region [illegible] Greensburg whose newspapers will [illegible].

[illegible] must have wrecks it is probably better to have them in the rural districts [illegible] freight cars [illegible] better not to have them at all and with proper precautions many of them might be avoided.

The T. R. Coal Tail Contingent are not steeped in modesty. Ever since they unexpectedly landed on the shores of success they have been grabbing at everything in sight. They were a long time hungry but that's no reason why they should be so greedy as to try to [illegible] everything on the pie counter. [illegible] of course but there is such a thing as political [illegible].

Gen. Wood is to be assured by the [illegible] of his present position as the head of the army. The Roosevelt [illegible] in the fierce heat of the primary campaign.

West Virginia coal and railway mergers have thus far failed to excite the Trust Busters.

The [illegible] paving ordinance has been stretched several times but now comes the First Ward with the complaint that the [illegible] isn't big enough yet.

When a railroad contractor and lodge the Baltimore & Ohio trains between Connellsville and Indian Creek it is time for less experienced pedestrians to keep off the tracks.

Municipal Government is perhaps not the biggest industry in South Connellsville. It is by long odds the busiest.

The June bugs have just arrived. They are a trifle ahead of schedule [illegible]. But the noise of the Presidential primaries probably hastened their presence.

The Roosevelt campaign managers are not satisfied with Senator Root as temporary Chairman of the National Convention. They are hard to please. The Senator from New York is a man of integrity and ability, and he has [illegible] in the primary campaign. A fairer presiding officer could not perhaps be chosen. Colonel Roosevelt, however, wants a Roosevelt Chairman. The [illegible] must be [illegible] everything.

Champ Clark will hold on to his present [illegible] gets a better [illegible] has been in politics long enough to know the folly of letting go of a sure thing to chase a fond hope.

The Pittsburg boosters took some large orders in Connellsville and were given delightful entertainment in Uniontown. Business before pleasure.

Looking Backward.

News of the Past Condensed from the Files of The Courier.

Friday, May 26, 1882.

Shipments of Westmoreland and Somerset county coal have recently been made to the Indiana (Cuba) Gas Light Company.

The coke business is still [illegible] brought [illegible] indications of an improvement in the situation.

It is estimated that the production of coke in the Connellsville region during the present year will amount to 104,000,000 bushels.

Mr. Eccles the toll keeper is the first one in New Haven to enjoy the benefits of gas light in that town.

The Burgess is out with two widely different proclamations this week [illegible] requires the proper observance of Decoration Day and the other [illegible] [illegible] has never been known to be so [illegible] as it is this spring.

The new coke works of Torrence & [illegible] on the Johnston property [illegible] are progressing rapidly.

Morgan valley is [illegible] about the postal service.

Westmoreland sheep raisers are troubled with dogs.

Friday, June 3, 1892.

Coke production for the week was 10,760 tons, 41,360 ovens in blast, 834 idle. Shipments for the week aggregated 6,173 cars.

The files of The Courier are called upon to show the condition of the coke trade in the suit of the H. C. Frick Coke Company against McKeefrey & Hefius on a coke contract made in 1889.

The Pittsburg & Lake Erie engineers have nearly completed their survey for a line up Washington Run and on to Fayette City.

There is great activity on the State Line railroad between Uniontown and Smithfield. The track is now being laid.

The first through train to run over the Baltimore & Ohio's new route between New York and Chicago by way of the Pittsburg & Western passed through Connellsville Saturday. It was an immigrant train consisting of three sections of 11 cars each.

The Connellsville New Haven & Leisenring Street Railway Company will build a handsome station house at the western terminus of the road at Graham's Crossing.

Friday, May 30, 1902.

Coke production last week broke all previous figures in the region. Production was 248,[illegible] tons [illegible] ovens in blast and 77 idle. Shipment [illegible] cars.

A dearth of [illegible] is reported. It is impossible for railroad men to get lodging places here and day coaches are being fitted up as sleeping quarters on the Lindner [illegible] lawn.

It snows [illegible]

A party of [illegible] engineers is making [illegible] a dam [illegible] the [illegible] when the new [illegible].

[illegible] mountains [illegible].

According to [illegible] Pittsburg [illegible] emigrating [illegible].

The [illegible] Railway [illegible] public [illegible] of the population [illegible] house [illegible].

At the Republican primary election [illegible] Cooper is nominated for Congress over [illegible] Hopwood.

Preparations are being made to start work on the street railway between Meyersdale and Salisbury.

TITANIC REQUIEM HEARD IN SENATE

Senator Smith Delivers Eloquent Speech in Presenting His Report

ON GREAT DISASTER AT SEA

Praise for Heroism and Scathing Rebuke for Negligence and Cowardice Marks the Speech—No Criticism Is Made of Director J. Bruce Ismay

WASHINGTON, D. C., May 28.—Teeming with eloquence combining praise for heroism and scathing rebuke for negligence and cowardice of the most appalling marine tragedy of history, was the final and official requiem today in the Senate for the victims of the Titanic. Senator Smith of Michigan, chairman of the Senate Investigating Committee, summed up his views of the evidence developed.

That every soul aboard the giant liner might have been saved but for the indifference in attention and almost criminal neglect of Captain Stanley Lord and the other officers of the Californian was the most startling charge Smith bitterly made.

"Needless sacrifice" of at least 600 lives because the "strangely insufficient number of life boats were not filled" was also charged.

Obsolete and antiquated shipping laws and laxity of regulation and hasty inspection" the British Board of Trade were denounced by Smith. As a contributory cause he named the indifference of Captain Smith of the Titanic, for ignoring the warnings and forcing the Titanic full speed through the northern waters. That Captain Smith had expiated his offense by a heroic death was Smith's tribute to the dead commander.

Lack of discipline among the crew and cowardice of some of its members indicated after the crash was scathingly arraigned. To the two Titanic wireless operators Phillips and Bride, the speaker paid a glowing tribute. He lauded Captain Rostron of the rescue ship Carpathia.

Not a word of criticism for J. Bruce Ismay, managing director of the steamship company was uttered by the Michigan Senator but he caustically criticised the White Star line for its action in withholding news of the disaster received he said 16 hours before it was reluctantly divulged.

In eloquent terms the chairman depicted the folly of sending out the greatest ship afloat without sufficient tests, a strange crew and no drills or discipline. The Titanic he said was following the proper course although one known to be dangerous at that season but the speed was gradually and continually increased until the maximum was the death blow.

Rebuke for those in half filled lifeboats who stood by and refused aid to struggling drowning swimmers until all the noise had ceased was voiced.

"Upon that broken hulk," the senator concluded, "new vows were taken, new fealty expressed, old love renewed and those who had been devoted in life went proudly and defiantly to the last pilgrimage together. In such a heritage we must feel ourselves more intimately related to the sea than ever before and henceforth it will send back to us on its rising the cheerful salutions from those we have lost."

Replete with dramatic incidents, pathetic details and a gruesome recital of the facts that stirred to the depths a world of grief the official story of the Titanic disaster was told today to the Senate when the investigating committee filed its formal report. How 1,517 lives were sacrificed to the sea off the Grand Banks on the night of April 14 and how but 706 souls were saved was told. The principal findings are:

That the Titanic was rushing at a speed of 24½ miles an hour when it crashed into an iceberg.

That of the 2,223 persons aboard only 32 per cent were saved.

That all might have been saved but for the negligence of the steamship Californian which ignored the Titanic's distress signals.

That those rescued comprised 60 per cent of the first class passengers 42 per cent of the second class 24 per cent of the third class and 24 per cent of the crew.

That four warnings of ice ahead were ignored by the Titanic's officers.

That the Titanic struck at 10:13 P. M. on Sunday April 14 and sank at 12:47 New York time on April 15.

That eight vessels were near the Titanic and only the Carpathia gave assistance.

That there was no panic but a short crew poorly drilled and poorly commanded and only partially manned the 20 life boats.

That the news of the disaster was suppressed by the White Star line officials and that misleading messages were sent to surviving relatives.

That Operator Cottom of the Carpathia withheld important wireless news and then sold it for blood money in New York.

With these principal facts clearly shown the committee recommended increased life saving equipment for all vessels, a requirement for wireless telegraph equipment, restrictions in manning vessels, searchlights and revolutionary reform in ship construction.

A gold medal and the thanks of Congress carrying with it the privilege of the floor of the Senate and the House of Representatives at all times was ordered by the Senate as a fitting recognition on the part of the nation of the bravery of Captain Rostron of the Carpathia.

Senator Smith introduced a measure which eulogized the Commander in glowing terms for the rescue of the 706 survivors of the Titanic. It was authorized to have struck and presented to Rostron a medal containing $1,000 worth of gold. The resolution passed unanimously.

C. E. CONVENTION WELL ATTENDED AT DUNBAR

Several From Connellsville Attend District Gathering at M. P. Church

Well attended was a convention of the Christian Endeavor Society of the Methodist Protestant church of the Connellsville district Tuesday night in the Methodist Protestant church at Dunbar. Rev. R. I. Wilson, pastor of the Methodist Protestant church of Dunbar led the singing. Rev. T. M. Gladden of Dunbar spoke on Reminiscences. Dr. F. W. Perkins, former pastor of the Dunbar church and now located at New Cumberland, W. Va., followed with an address. The principal address of the evening was by Dr. J. C. Broomfield of W. Va., who spoke on Supreme Court Moral Appeal.

Among the Connellsville delegates were Rev. and Mrs. R. F. Curns, Mrs. P. C. Carr, Mrs. Jerome McCormick, Mrs. S. S. Marsteller, Mrs. Rockwell Marietta, Mrs. May Percy, Mrs. Lulu Frankenberry, Mrs. Minnie Sickles, Miss Vergie Herber, Misses Nellie and Jennie Penn, Mrs. Mary Rout, Mrs. Eliza Gartlitz, Mrs. Ida Seaman, Mrs. Margaret Richter, Mrs. R. B. Sechrist, Mrs. Effie Newell, Mrs. Clarabel Stillwagon, Miss Olive Heizer, Mr. and Mrs. James Coudy, Emery Penn and Leigh Douglass. The Uniontown delegates chartered a special street car.

CONVENTION PLANS MADE BY COMMITTEE

President Forsythe Consults With Those in Charge of Gathering

OF COUNTY SUNDAY SCHOOLS

Heads of Committees Assigned and Various Details Worked Out in Preliminary Gathering—Entertainment Committee Will Meet on Thursday

Arrangements for the annual Fayette County Sunday School convention to be held in Connellsville June 11 and 12 are about completed. The local executive committee selected to prepare for the convention met in the Y. M. C. A. auditorium Monday and the work of each committee was defined. Every man present pledged himself for the execution of his part of the task assigned him.

I. S. Forsythe, president of the Fayette County Sunday School Association, was present and assisted in giving advice. He assured the committee that no pains on his part had been spared to secure talent of the first order for this convention. He estimates that there will be 2,000 in the parade on the evening of June 11. The boosters committee will strive to secure co-operation with every class of men in Connellsville for the men and boys in the parade. The committees are making a special effort to make the convention the largest and best ever held.

Rev. J. F. Allison was selected by the executive committee as general chairman. The committees and chairmen are as follows: Place of meeting, Dr. J. L. Kerr; music, Robert Werner; entertainment, R. C. Lyon; finance, J. A. Armstrong; decorating, C. W. Simpson; Press, J. F. Allison; boosters, Worth Kilpatrick.

COLONEL RICHARD COULTER ANNOUNCES APPOINTMENTS

Makes Public List of Officers of Tenth Regiment Who Are Reappointed

GREENSBURG, May 29.—Colonel Richard Coulter from Tenth Regiment headquarters here has issued the following staff appointments of the Tenth Regiment, N. G. P.:

Captain and chaplain, Henry W. Temple; captain and quartermaster, Henry Welty, Greensburg; captain and adjutant, Archibald W. Powell, City; captain and inspector of small arms practice, Rowley M. Cook; captain and commissary, John D. Hitchman, Mt. Pleasant; first lieutenant and battalion adjutant, Wilbur F. Harris, New Brighton; first lieutenant and battalion adjutant, Ward I. Yohe, Monongahela; first lieutenant and battalion adjutant, Thomas J. Beaver, Bellefonte; second lieutenant battalion quartermaster and commissary, James H. Watson, Indiana; second lieutenant battalion adjutant and commissary, Gerard S. Bryce, Mt. Pleasant; second lieutenant and battalion quartermaster, John L. Boyle, Beaver Falls.

WOMAN AND ATTORNEY ARE DEFENDANTS IN BIG SUIT

Grant L. Blaney Wants $10,000 for Alleged False Arrest On Charges

UNIONTOWN, May 23.—Suit for $10,000 damages has been entered here by Grant L. Blaney against Mrs. Lizzie D. Woolsey and Attorney E. F. Sterling. Blaney claims that through his arrest on charges that he attempted to blackmail and extort $10,000 he has been grievously damaged.

Blaney contends the information was made by Mrs. Woolsey on advice of Attorney Sterling after the County Detective refused to prosecute the case. The bill of indictment was not presented to the September, 1910 Grand Jury Blaney says and Attorney Sterling paid the costs. In December 1911 the Grand Jury returned a true bill but on petition of Sallie Blaney the case was dismissed.

Blaney claims that he has been publicly disgraced, deprived of his freedom and hindered from following his profession as a school teacher.

Fire Destroys Barn

Fire supposed to be of an incendiary origin destroyed a barn at Dawson Saturday night. The building was owned by A. J. Cochran of Dawson. The fire had gained a great headway before it was discovered.

COUNTY CONTROLLER SUSTAINED BY COURT

Kisinger Refused to Give Poor Directors More Than $1,000 Per Year.

THEY DEMANDED $1,500 PAY

Two Connellsville Persons Granted Divorces—York Run License Is Transferred—Sentences Passed Upon Offenders and Orders Made

UNIONTOWN, May 28.—Judge Van Sweringen sitting alone at this morning's session of court handed down an opinion sustaining action of County Controller Harry Kisinger in refusing to approve warrants for the salary of Poor House Directors in excess of $1,000 a year. The Poor Directors applied for a mandamus to compel the Controller to approve the warrants for $1,500 a year. The question at issue was whether the Act of 1911 repealed the Act of 1909 regulating salaries. The court held that the Act of 1909 was not repealed and that the Controller was within his rights. The proceedings were dismissed at the cost of the petitioners.

In the case of Edwin Weaver against Harry Beeson, an action to recover on a bond for attachment, Beeson being the surety, the rule on the defendant was discharged and that on the plaintiff made absolute.

In the case of John F. Hoover, sole surviving partner in the firm of McCormick & Hoover, against St. Mary's Slovak Roman Catholic church, judgment was open to the extent of $49.4. The full amount of claim for which judgment had been entered was $1,679.89. An affidavit of defense had been filed but the attorney neglected to enter an appearance and the judgment was entered.

A divorce was granted Daisy M. Hibbert from Clark G. Hibbert on the grounds of desertion. They were married in Connellsville in 1900. William C. Bishop was given a divorce from Cora B. Bishop on the same grounds. They were married in 1908 at Cumberland. Margaret Sweeney of Uniontown was granted a divorce from Louis Sweeney of Fairchance on the grounds of cruelty and indignities.

The license of James L. Donahoe for a hotel at York Run was transferred to John J. Noon.

Several sentences were handed down. J. H. Miller was sentenced the costs for assault and battery. [illegible] was sentenced the costs for [illegible]. Mike [illegible] goes to the workhouse [illegible] and Nina Nedrow [illegible] Mrs. Bissani got six months in the workhouse for running a lawless house in Connellsville [illegible] Johnson, Bessie Adams and Hattie Smith were sentenced the costs for running a disorderly house at [illegible] on a promise to leave the county.

FILLS GASOLINE TANK WITH TORCH IN HAND; BARN BURNS

Orville Shelbert Badly Burned When Oil Gets Go and Other Man is Hurt

Special to The Courier.

MEYERSDALE, May 29.—Last night the barn of J. S. Miller who resides at St. Paul's Lawn, a southern suburb of Meyersdale, was totally destroyed by fire. While engaged in filling an automobile with gasoline by the aid of a miners torch to supply the light, a conflagration was started which for a time menaced adjoining property. Orville Shelbert, who was handling the gasoline, was severely burned about the hands and face. His neighbor was burned slightly on his face while helping to combat the flames.

The Meyersdale fire alarm was sounded and the department responded but did not have a long enough line of hose to reach the fire. The farm occasioned considerable excitement and hundreds of people afoot and in automobiles and other conveyances hastened to the scene of the blaze. Loss $1,000, partially insured.

AWAY GO SCALES THAT GAVE OVERWEIGHT TO CUSTOMERS

Inspector Frowns Upon Balances That Give 17½ Ounces for a Pound

W. J. Callighan, sealer of weights and measures dropped in on the merchants of this vicinity for the first time since he assumed office. As a consequence there was a rather general condemnation of scales and other measures before he inspector got through with his task.

At South Connellsville Callighan met with a genuine surprise. He found a pair of scales that gave 17½ ounces for a pound. This was barred along with the short weight instruments. All scales giving under 16 ounces to the pound were given the official [illegible].

A number of measures were ordered discarded. It is no longer permissible to use a double measure for quarter and half peck measurements. Bolt measures are also objected to.

CONDUCTOR IS INJURED

Gilmore Draper, Like Brother Man Has Fractured Skull

Gilmore Draper, a former B. & O. conductor and a brother of I. T. Draper of [illegible] is in the South Side hospital, Pittsburg with a fractured skull as the result of an accident with which he met in the Pittsburg and Lake Erie yards. Since leaving the B. & O. Mr. Draper has been with the Pittsburg and Lake Erie Railroad Company. He is getting along nicely.

Coulter is Chosen

Colonel Richard Coulter, Jr., was unanimously reelected commander of the Tenth Regiment at an election held at the Greensburg Country Club Friday. From Connellsville went Captain A. R. Kidd, Major L. P. McCormick, Lieutenant R. S. McKee and Lieutenant J. C. Herwick.

PEACH LEAF CURL

Disease is Apparent Now in Western Pennsylvania

This is a very common disease of the peach leaf in this State, which makes itself manifest by the thick, deformed and discolored leaves. The color of the leaves may vary from white to red but the thickened and swollen condition is quite characteristic and quite conspicuous. It is strictly a fungous disease but like many other [illegible] is worse during damp weather. It is unusually bad this year as some orchards are decidedly disfigured by it. As a rule it is most conspicuous early in the season and the diseased leaves drop off toward the middle of June and a second crop of healthy growth issues forward.

Since the peach leaf curl is due to a fungus, the sure and best [illegible] thing will [illegible] once started and what [illegible] done for it in a practical way must be preventive rather than a cure. In other words the application must be made before the disease commences rather than as a remedy after. This of course is in line with the application of all fungicides.

It has been believed and publicly [illegible] that spraying with lime sulphur solution [illegible] the buds open prevents the leaf curl but results this season show plainly that this is a mistake. Trees properly and thoroughly sprayed with strong lime sulphur solution have a fair amount of leaf curl although not quite as much as those not sprayed.

It is now claimed by the experts in plant pathology that Bordeaux mixture applied before the buds burst is the best preventive of leaf curl. This is to be made in the regular way, this mixture which means three pounds of bluestone and three pounds of fresh lime and 50 gallons of water. [illegible] when dormant [illegible] can well be applied without any injury to the trees, and it [illegible] deed with some beneficial effect.

There is no remedy that can be used during the spring or summer after the curl has become manifest in the leaves. It may be beneficial where there are but a few trees to [illegible] of the curled leaves and burn them. As a rule the trees will readily outgrow the evil effects of leaf curl if they be given cultivation and fertilization. Fertilization as well as pruning and drainage aid much in reducing the amount of this trouble.

DOG CRUSADE

Will Soon Be Well Under Way In This State

Fish tax collectors [illegible] have [illegible] furnish [illegible] copies of the State law which requires that the licensing of all dogs and in all [illegible] being made by the State Livestock Sanitary Board [illegible] have that law strictly enforced. That law requires the county commissioners to [illegible] collectors in their respective [illegible] and [illegible] the requirements of the law were sent to [illegible].

It is understood that [illegible] will be [illegible] [illegible] all canines not wearing the necessary licenses tags will be killed. Should any owner of a dog [illegible] his tax and [illegible] his dog [illegible] within [illegible] days after receiving notice to [illegible] he [illegible] will be [illegible] by the [illegible].

All notices [illegible] dog owners to [illegible] have their [illegible] [illegible] will be [illegible] who will receive [illegible] notice. [illegible] paid to the [illegible]. The tax collector can be [illegible] each [illegible] where he fails to comply with the law.

Dogs found not wearing collars and tags will be declared public nuisances and will be shot [illegible] the constables [illegible] the district in which the dogs live. For each dog killed [illegible] properly disposed of the constable will receive $1 from the county commissioners taken from the fund realized from the taxation of dogs.

For failure to perform this duty constables are liable to a fine of $5 in each case. That money to be deducted by the county commissioners on the settlement between the constables and the commissioners.

J. W. SCOTT DEAD

Well Known Uniontown Resident Had Long Been Ill

J. W. Scott, aged 78 years, one of the most widely known residents of Uniontown, died Monday afternoon at his home on Fayette street following a long illness.

Deceased spent all his life in and around Uniontown. He was born in a [illegible] within six miles of Uniontown and spent most of his married life at New Salem. He was twice married. His first wife was Miss Rachel Sickles. Her death occurred 29 years ago. His second wife was Mrs. Ollie Snyder, a well known woman of Uniontown.

The following children to the first union survive: Mrs. Lloyd Frost of New Salem, Dr. J. L. Scott of Jo[illegible], O.; Mrs. Lizzie Gosnell and Mrs. [illegible] Bush of Uniontown. His widow and the following brothers and sisters also survive: C. H. Scott of [illegible], O.; C. B. Scott, Cleveland, O.; I. J. B. Scott of Hamilton, O.; Rev. W. S. Scott of [illegible] City, D. W. Scott of Hartford City, Ind.; Mrs. [illegible] Woodward of Oliphant and Mrs. J. L. Gilmore of Connellsville. A number of grandchildren and great grandchildren also survive. Mr. Scott was a member of the Presbyterian church of Uniontown and was respected by all who knew him. He had a number of friends in Connellsville.

Mrs. Woodmancy Dead

Mrs. Sy[illegible] Woodmancy, aged 70 years, died Sunday morning at her home at Bidwell. Death was due to the infirmities of old age. Mrs. Woodmancy has resided in the around Bidwell for a number of years and was widely known in that section. The body will be shipped to Ohiopyle for interment tomorrow morning on B. & O. train No. 57 by Funeral Director J. E. Sims.

SOMERSET PLAYGROUNDS TO OPEN MEMORIAL DAY

Festival Will Mark Inaugural of Recreation Ground for the Youngsters

SOMERSET, May 29.—The [illegible] [illegible]

[illegible] In the grounds.

[illegible]

The playgrounds will open [illegible] on Monday June 3 at 1:00 P. M. and remain open each day until 6:00 P. M.

The apparatus for the amusement and instruction of the children is on the ground and is being rapidly put in shape.

The large advance sale of tickets indicates that an enormous crowd will attend the festival.

BRADLEY IS NOT GUILTY, JURYMEN IN CASE DECIDE

Attache of Dixmont Hospital for Insane Did Not Intentionally Kill John W. Siller Old Inmate

After a trial lasting all day, Johnston Bradley, an orderly in Dixmont Hospital for Insane, was found not guilty on a charge of homicide growing out of the death of John W. Siller, 60 years old, of Connellsville, who was a patient at the hospital several years. Siller was injured March [illegible] while the defendant was engaged with pushing him [illegible] Siller died March [illegible].

The evidence tended to show that the deceased had been troublesome [illegible] and that when Bradley urged him to walk faster in line with other inmates on the way from the dining room the latter spit at Siller [illegible] struck Bradley in the face. Bradley testified he pushed Siller away and that Siller fell on his face.

HAS PET SNAKE

Preston County Man Has Nursed It Thirty-eight Years

[illegible] McKinley, an aged farmer of Preston county, W. Va., has for 38 years made a pal of a blacksnake which visits him each year after it has hibernated through the winter. When McKinley first saw the snake it was 18 inches long. Now it is 5 feet from head to tail and weighs 20 pounds.

MANSLAUGHTER IS THE PYLE VERDICT

Somerset Jury Finds Him Guilty of Killing William Ohler.

CRIME COMMITTED AT HUMBERT

Pyle is Alleged to Have Shot Ohler and Then Clubbed Him Over the Head With Butt of Pistol—Other News of Criminal Court in Somerset

SOMERSET, May 24.—[illegible] Pyle was found guilty of voluntary manslaughter in the verdict [illegible] He was charged with killing William Ohler [illegible] drunken [illegible] Humbert on April [illegible] Pyle [illegible] Ohler [illegible] with the butt of a muzzle [illegible] pistol. A motion for a new trial is [illegible] Pyle's [illegible]

A jury [illegible] Frank [illegible] and Elihu [illegible] of the [illegible] Showman [illegible] of the Consolidated [illegible] Company [illegible] Meyersdale [illegible] January [illegible] The case was heard by Judge Stephens [illegible] Cambria county [illegible] prosecutor was W. B. [illegible]

[illegible] was found guilty of violating the liquor laws [illegible] complaint [illegible] George [illegible] and was sentenced [illegible] in jail [illegible] was released on probation for one year.

Frank [illegible] was prosecuted [illegible] John Miller for furnishing liquor to minors and assault and battery on January [illegible] the costs were divided.

Judge Stephens presided [illegible] Edward Yolesky, Tony Crossky, John Kutol [illegible] Edward [illegible] charged with assault and intent to kill [illegible] Constable Frank [illegible] Shaffer [illegible] township. The suit was the result of a stabbing affray at [illegible] [illegible] convict [illegible] [illegible]sky [illegible]

Jo[illegible] Christ [illegible] of Boswell pleaded guilty to a charge of false pretense preferred against him by Constable Edward [illegible] He [illegible] pay a fine [illegible] costs [illegible] $5.00

Kistler [illegible] assault and battery on information [illegible] The [illegible] alleged that [illegible] 6th he [illegible] and knocked her down [illegible] with his fist

[illegible] of [illegible] pleaded guilty to a charge of selling liquor without a license preferred by Constable Harvey [illegible] [illegible] Mary [illegible] [illegible] guilty [illegible] similar offense [illegible] sentenced to pay [illegible] $500 and serve [illegible] months in jail [illegible] charged with violating the liquor laws by Constable [illegible] [illegible]

John [illegible] of Alcew charged with stealing clothing [illegible] $5 on April [illegible] [illegible] pleaded guilty and was released on probation [illegible]

It was [illegible] that Frank Burn [illegible] charged with [illegible] offense against minors [illegible] is a fugitive from justice.

J. P. Hilegas of Windber tried for assault and battery on information of John Schmi[illegible] before Judge Stephens on Tuesday was acquitted and the costs placed on the prosecutor.

One of the three murder cases [illegible] disposed of Thursday afternoon when Joseph Chomi and John Kowalis [illegible] charged with shooting John [illegible] at Windber on March 31, 1912, were allowed to enter pleas of guilty of manslaughter. They were sentenced to the Western penitentiary for not less than 3 years nor more than 5 years. They stabbed John Ledner at Windber on April 2[illegible], 1912.

BUILDING BOOM HITS THE BUSY TOWN OF ROCKWOOD

New Opera House to Be Erected and Office Building is Already Under Way

Rockwood is having a building boom. George Reichenour started work Monday on the construction of a [illegible] brick theatre [illegible] feet wide and 80 feet deep. It will be a combined theatre and nickelodeon. The auditorium will be sufficiently large to accommodate 600 people.

C. K. Miller has started work on a large three story building 100 feet square. A department store of J. C. McSpadden will occupy the main floor while the upper stories will be converted into office rooms and apartments.

The foundation for the new bank building is already well under way. It will be three stories high. The bank and one store room are located on the first floor, apartments and lodge quarters being provided on the upper stories.

A number of private dwellings are also in course of construction.

BIG ATTENDANCE AT THE PERRY HIGH CLASS DAY

Interesting Program Given by the Students of Progressive Township

A large and appreciative audience attended the annual class day exercises of the Perryopolis township High School [illegible] Wednesday evening in the High School auditorium. The program was well rendered and showed work of each part [illegible] careful study and preparation. The commencement exercises are important events in the history of the schools and are always attended by friends and patrons of the school [illegible] township. The class history was ably given by Miss Irene [illegible] Helen Hopkins foretold the future of the class members in a very charming manner. She foretold a bright and brilliant [illegible] for each member. [illegible] Miller [illegible] the important [illegible] of the class to the members of [illegible] [illegible] poem was given by Miss D[illegible] Hill.

The class play [illegible] [illegible] was the next number on the program. The work of the different characters was exceptionally clever. The play was [illegible] and was well received. It caused continuous uproar from the beginning to the end.

The annual commencement exercises were held Thursday and were [illegible] attended. A delightful musical program by Rutter's orchestra preceded the class program. At [illegible] the class of eight young women and two young men entered the auditorium and took their places on the stage which was handsomely decorated for the occasion. [illegible] was [illegible] Miss Elma Carson. A History of [illegible] was [illegible] by Miss Ruby Murphy [illegible] next number. The Price of Progress [illegible] given by [illegible] [illegible] Willis [illegible] [illegible] subject [illegible] Methods of [illegible] [illegible] The next number was an oration, Industrial [illegible] by Denny [illegible] [illegible] [illegible] the parents [illegible] of the [illegible] Board of [illegible] [illegible] An address was [illegible] by [illegible] of the Pittsburg High School [illegible] instructive and helpful [illegible] parents and teachers. [illegible] presented the diplomas. [illegible] brought to a close with the benediction [illegible] M. S. Harr.

REV. BAUM TENDERED SURPRISE BY HIS FLOCK

Traveling Bag and Umbrella Given Him at Conclusion of Prayer Meeting Last Night

[illegible] Rev. H. A. Baum, pastor of the [illegible] Methodist [illegible] [illegible] was [illegible] surprise [illegible] last Wednesday [illegible] [illegible] [illegible] prayer meeting [illegible] [illegible] [illegible] [illegible] [illegible] as usual [illegible] [illegible] [illegible] coming to Dawson [illegible] [illegible] [illegible] [illegible] the church [illegible]

[illegible] Forsyth [illegible] presented [illegible] Baum [illegible] handsome leather traveling bag and silk umbrella [illegible] [illegible] Addresses [illegible] Stickler and R. J. McM[illegible] [illegible] [illegible] served by the Ladies' Aid Society.

RUTH HAYS WINNER OF SCOTTDALE ART HONORS

Daughter of Store Manager Martin L. Hays Presents Best Design for Program Cover

SCOTTDALE, May 23.—In the [illegible] annual competition among the pupils of the Art Department of the High School for the design of the cover of the Commencement program Miss Ruth Hays, daughter of Mr. and Mrs. Martin L. Hays of [illegible] avenue, won the distinction.

The motif of the design is the [illegible] [illegible] the class flower, and Miss Hays evolved a very pretty design. The designs were judged by Miss [illegible] of the Margaret Morrison [illegible] School of Pittsburg, and a very complimentary letter was sent Miss Julia [illegible] the art teacher.

Favorable mention was given for the designs submitted by [illegible] Zella Law, Florence [illegible] and Helen Sisley and [illegible] Pyle.

The studio in the High School building will be open [illegible] including the evening [illegible] Saturday. The Sewing exhibits and the Manual Training work will also be on exhibition.

BEES SWARM SIGNAL BOX, CONDUCTORS LOSE NERVE

Likewise Passengers Take Flight When Buzzing Insects Invade Uniontown

UNIONTOWN, May [illegible].—The [illegible] swarm of bees ever seen in Uniontown [illegible] [illegible] [illegible] the corner of Gallatin avenue and Main street this morning [illegible] Tibbs and other celebrities [illegible] to swarm them and [illegible] but a nonchalance [illegible] [illegible]

Tibbs lured the bees [illegible] a plate [illegible] through the melody of a tin can. They then swarmed in one of the West Penn [illegible] signal boxes. Conductors contracted cold feet when it came to throwing blocks. Cars were delayed for a time and passengers sought safety in flight. A few minor stings were reported.

Paying By Check Has So Many Distinct Advantages

over paying with currency, that we want every one in Connellsville to know all of them.

PRESIDENT FARRELL MAKING INSPECTION

Head of the Steel Corporation Passes Through Connellsville.

LOOKS OVER THE COKE PLANTS

Party Takes Automobiles From Here to Visit Trotter, Leisenring and Other Works Towards the South End—Spend Night at Masontown

An inspection party which included President James A. Farrell of the United States Steel Corporation passed through Connellsville last Thursday en route to the south end of the region. President Farrell was accompanied by Vice President D. G. Kerr and John B. Carse, a special agent of the Steel Corporation; President Thomas Lynch, General Superintendent W. H. Clingerman and Chief Engineer J. P. K. Miller of the H. C. Frick Coke Company.

The trip was made from Greensburg on Thursday over the Pennsylvania railroad. The party arrived on the West Side shortly after 8 o'clock and was taken in two automobiles to Trotter. After inspecting Trotter the officials continued to Leisenring No. 1, then visited Leisenring No. 3 and other plants between this point and the south end of the region.

Wednesday President Farrell and the other officials were at Latrobe inspecting the plants in the Upper Connellsville region. Wednesday afternoon they came to Scottdale. There President E. W. Pargny of the American Sheet & Tin Plate Company and other officials of that corporation accompanied President Farrell through the mills.

A dinner was given in Greensburg Thursday where the stop was made. Several hundred employes attended an informal reception and heard a few remarks made by the head of the Steel Corporation. In Greensburg the officials were the guests of President Thomas Lynch of the H. C. Frick Coke Company who gave the reception at his home.

President James A. Farrell and party of United States Steel Corporation officials concluded their inspection of the Connellsville coke region yesterday and left in the afternoon for New York.

Before leaving Mr. Farrell expressed great pleasure over the manner in which the plants of the H. C. Frick Coke Company are operated, praising the sanitary improvements that have been given so much attention, together with the encouragement offered to laborers to beautify their dwellings, plant gardens and cultivate flowers. Other features such as the swimming pool at Leisenring and the Frick league ball teams were complimented by the head of the Steel Corporation.

Mr. Farrell stated that business conditions are good and there is a steady volume of trade which is more than encouraging in view of it being a Presidential year.

STEVENSON TELLS HOW HE "UNLOADED" SHARON MILL

Canny Scot Made Big Profits Disposing of Plants to Steel Corporation

John Stevenson Jr., a Scotchman and a relative of Robert Louis Stevenson, enlivened the hearings of the Federal suit to dissolve the United States Steel Corporation last Thursday when he told in a rich Scotch accent of the various deals by which he sold out half a dozen steel properties to the Reid-Moore syndicate, John W. Gates and the Steel Corporation itself, each time striking a profitable bargain.

Mr. Stevenson was called by the Government to give evidence to support its allegations of monopolistic intent in the formation of the various subsidiary combinations of the steel trust, in which all of Stevenson's former properties are now constituent parts.

Entering the employ of the Carnegie Steel Company in 18[illegible] when his fellow Scotchman Andrew Carnegie was making his reputation as an iron master, Stevenson in 1892 established at New Castle, Pa., the first successful tinplate mill in this country, he said. It was capitalized at $150,000.

Ten years later after selling out this and four other steel plants which he subsequently built, he started the Sharon Steel Company, merged it with the Union Steel Company and then sold out to the Steel Corporation, taking for the Sharon interest $13,000,000 in the corporation's bonds, he said. He had built the Sharon steel plant, he remarked, "to shake the apple tree again."

John Stevenson, Jr., the Scot who built steel mills and sold them at a profit to the United States Steel Corporation, enlivened another session of the Government's investigation into the corporation Friday by his breezy comments on the steel business.

He was questioned by Richard Lindabury, counsel for the steel corporation, about the time when Stevenson's Sharon Steel Company was taken over by the Carnegie Steel Company after being merged with the Union Steel Company. Mr. Lindabury wanted to know if there was any great competition at that time.

"Well, you might call it so," the witness replied with delicate emphasis on the "you." "But there was a boom on. Pig iron had gone from $14 to $[illegible]. The country absorbed everything that everybody could make. We sold all we made I know and had no bother doing it."

"Were there any unfair practices after the organization of the steel corporation?"

Mr. Stevenson, using the Scotch burr that comes into his speech when he is interested, replied:

"Na, na, na, if ye must have competition I like that kind. It was no cut throat."

The Steel Corporation lawyer asked questions about the plant that Stevenson sold to the Shelby Tube Company, asking Mr. Stevenson how big it was.

"It was a good plant," said the witness, "and put out 1,000,000 feet of bicycle tubing a month."

"But the market was receding then, wasn't it?" asked Mr. Lindabury.

"Well, I got in at the beginning of the boom," answered Mr. Stevenson.

"And got out at the end of it?"

"Just before."

"Then having shaken the apple tree you went to Europe? You quit shaking it?"

"Yes," said Mr. Stevenson—"pro tem."

Asked by Mr. Lindabury if he went into companies with the idea of crowding anybody else out or of securing a monopoly, Mr. Stevenson said:

"I always had troubles enough of my own without bothering about other men's affairs. I went into combinations with the hope that I could make a little money."

"You thought you had a better chance to make money with a big business than you had with a little one?"

"Precisely."

WESTERN MARYLAND SPECIAL IS HERE

Makes Trip From Cumberland to Dickerson Run to Lay Out Line.

TANKS AND STATIONS LOCATED

Engineer, Chief Train Dispatcher, Trainmaster and Other Officials Along—First Western Maryland Train to Use Tracks of Little Giant

The first Western Maryland train to pass over the tracks of the Pittsburg & Lake Erie railroad went from Connellsville to Dickerson Run and back Thursday afternoon. The engine was No. [illegible] in charge of Engineer [illegible] Wernick and Fireman George Kr[illegible]berg. Conductor King Dixson was in charge of the special.

The train which consisted of a locomotive and special car left Cumberland at 6:30 Thursday morning and arrived here about 4 o'clock in the afternoon. It carried Principal Assistant Engineer Gilbert H. Friedl, Chief Train Dispatcher William Dorsey, Trainmaster Shank and other officials. The purpose of the trip was to locate the telegraph and telephone stations, the water tanks and other details of the transportation department.

On the return trip to Cumberland efforts were made to try out the possibilities of the small locomotive on the line. The trip back to Cumberland was made in three hours and [illegible] minutes. The distance is just 86 1/8 miles.

From the information gained by the trip the officials will make out the schedules which are to [illegible] in July 1. It is proposed to begin operation of the new line by that date.

INTERSTATE COMMERCE

Colorado Road Ordered to Make Equitable Coal Car Distribution

WASHINGTON, May 24.—The Denver & Rio Grande railroad and the Colorado & Southern railways were ordered by the Interstate Commerce Commission to establish before July 20 regulations to govern the distribution of cars to mines on their lines in Huerfano and Las Animas counties, Colorado, and to provide for an equitable distribution of coal cars. The order was made on complaint of the Colorado Coal Traffic Association, the members of which alleged that the roads unjustly discriminated against certain coal operators.

The commission declined to order the Chicago, Milwaukee & St. Paul railway to establish at Janesville, Wis., the milling in transit privileges accorded to grain at St. Paul and Minneapolis.

The commission held that the privileges granted in the Twin Cities were forced by competition among the rail carriers and were not discriminatory.

Pending further investigation the commission continued in suspension until December 14 next the proposed next classification of freight rates in Western territory. This new classification, known as No. 51, through re-rating of hundreds of articles would provide for a material increase in practically all freight charges in the West.

STATE MAY SUE RAILROAD

Alleged P. F. W. & C. Franchise Has Expired in Illinois

CHICAGO, May 24.—Mandamus proceedings to compel States Attorney Wayman to sign quo warranto proceedings against the Pittsburg, Fort Wayne & Chicago Railway Company requiring the corporation to show by what right it is doing business under its Illinois franchise were filed in the Circuit Court by Christopher Mamer, who is one of several defendants in condemnation proceedings filed by the railroad.

Mamer declares that the company's franchise in Illinois expired February 28, 1912.

BELGIAN STEEL AGREEMENT

To Renew Arrangement Controlling Home and Export Sales

An agreement is said to have been reached by all the Belgian steel works for the renewal of the so-called Comptoir des Aciéries Belges controlling the home and export sale of steel beams and channels above three inches manufactured in Belgium.

The existing arrangements will expire July 1 and from that date for five years the Belgian syndicate will include ten firms.

Tube Company Organized

The [illegible] Tube Company was organized at [illegible] this week by interests identified with the Consolidated Gas, Electric Light & Power Company. It is capitalized at $200,000, equally divided between common and preferred shares.

BIG CHANGES IN B. & O. SCHEDULE

Late Train Out of Pittsburg Will Meet With Favor Here.

A BOON TO THE THEATREGOERS

No. 10 Will Not Leave Steel City Until 11:55, Arriving Here at 1:40 A. M. Some Changes on the S. & C. Branch—New Chicago Service

Although few changes were made in the new Baltimore & Ohio passenger schedule which went into effect on Sunday, some of them are the most radical that have been made in recent years. The creation of a new through train to Chicago, making two each way every 24 hours, has resulted in one change of time that will meet with favor here. Train No. 10, which now leaves Pittsburg at 10 [illegible] will not leave until 11:55, arriving here at 1:40 A. M. instead of 11:4[illegible] as under the present schedule. This will make it possible for Connellsville theatregoers to see the play in Pittsburg and return the same evening.

A new [illegible] is made in train service. [illegible] Nos. 10 and 11 will run through to Chicago. Heretofore [illegible] [illegible]

WEST PENN MAY BUILD NEW ALEXANDRIA EXTENSION

Officials From Connellsville and Greensburg Make Inspection of Proposed Route

Officials of the West Penn from [illegible] [illegible] New Alexandria [illegible] charter of [illegible] trip was [illegible]

[illegible] the West Penn [illegible] when [illegible] [illegible] [illegible] [illegible] the extension. [illegible] extension was at that time not thought [illegible] and was left for some future time. The appearance of [illegible] coals on the ground has put the matter in a better light as far as Latrobe is concerned.

FIRE AT NAOMI

Four Families Made Homeless by Early Morning Blaze

FAYETTE CITY, May 25.—Four families are homeless today as the result of disaster in the fire which broke out shortly after midnight at Naomi, between Fayette City and Belle Vernon, and burned four houses to the ground, with a loss of approximately $6,000.

The fire started in the home of Edward Lightner. An oil lamp exploded in the bedroom of Mrs. Lightner and soon the entire house was in a blaze. The family however was able to escape without injury.

Without any facilities for fighting the blaze the fire soon spread to several houses, all of which are in the same block. The houses occupied by Grant Deiger, Charles Abbott and Elmer Elder were also totally destroyed.

The houses occupied by Edward Lightner, Grant Deige and Charles Abbott were owned by Samuel Gask[illegible]. Elmer Elder was the owner of the house in which he lived.

When the fire broke out several of the men whose houses burned were at work in the coal mines. A bucket brigade was formed and several buildings were saved from destruction.

Suspension Is Continued

Pending further investigation the Interstate Commerce Commission has continued in suspension until December 14 next the proposed new classification increasing freight rates in Western territory.

MERGED FOR ECONOMY

Steel Director Tells About Formation of American Bridge Company

Percival Roberts, Jr., Director of the United States Steel Corporation, a member of its finance committee and a defendant in the Government suit to dissolve the corporation under the Sherman anti-trust act, testified concerning the organization of the American Bridge Company at the continuation of the hearings in New York Friday.

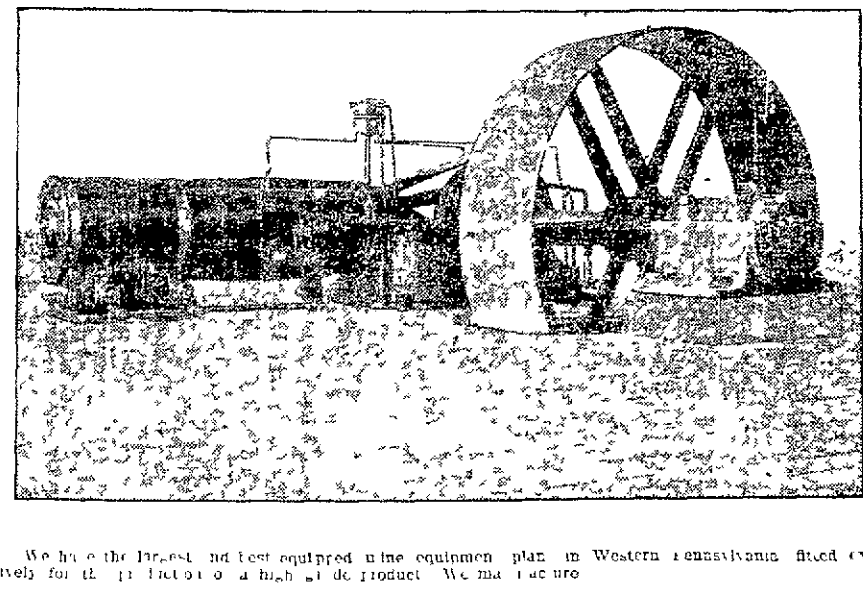

Dr. Roberts, who was President of the bridge company when it was taken over by the Steel Corporation in 1901, declared that the company was originally organized with the object of [illegible] the industry. [illegible] at that time (1900) the company's output amounted to only [illegible] of the entire output of the country [illegible] [illegible]
